•FCC ID STATEMENT

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.
Increase the separation between the equipment and receiver.
Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
Consult the dealer or an experienced radio/TV technician for help.

RF warning statement:
The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

•CHARGING CASE

IJoy Firefly charging case charges earbuds 2 times faster for the ultimate listening experience. Leave in for 1-2 hours of charging for best results. Just place left and right earbuds inside the charging case sockets.

•INSTRUCTIONS

POWERING ON / OFF

- Power on:**
 - a. The earbuds will automatically power on when left the case.
 - b. Long press the multi-fuction place for 3 seconds.

Bluetooth pairing:

- When the earbuds LED light is flashing RED and BLUE, indicates that the earbud has power on and is ready to pair.
- Both earbuds will automatically pair to each other when turned on. Once the earbuds are paired successfully, one of them will flash red and blue, while the other will slowly flash blue.
- Choose "IJOY FIREFLY" on your device list to connect, when earbuds connect to your device successfully, both earbuds will slowly flash blue.

Power off:

- Put back the earbuds into the case to power off.
- Long press the multi-fuction place for 3 seconds. When the earbuds LED light flash RED 3 times, indicate that the earbud has powered off.

Note: Earbuds will automatically power off if it did not pair with device within 5 minutes.

Phone call:

- Short press to answer an incoming call.
- Short press again to end the phone call.
- Long press to reject an incoming call.
- Quick press the button twice to recall your last dial out number.

Charging:

- Earbuds LED lights will turn RED when charging and turn BLUE when full charged.
- Case will flash the RED lights when charging and turn solid RED when full charged.

•BATTERY CAUTION

The battery used in this device may present a risk of fire, explosion or chemical burn if used incorrectly. Never use or charge the battery if it appears to be leaking, discolored, deformed or in any way abnormal. Never disassemble the unit or attempt to remove the battery as that could cause leakage of alkaline solution or other electrolytic substances. Never expose the battery to any liquid. Never expose the battery to excessive heat such as direct light or fire. Always keep the battery out of the reach of infants and small children.

•BATTERY DISPOSAL

Please do not attempt to change the battery yourself. If the battery has died, you should follow the disposal instructions listed here. Never dispose of used batteries/electronics with ordinary solid wastes. Always dispose of used batteries/electronics in accordance with the prevailing community regulations that apply to the disposal of batteries/electronics. If there are no local regulations concerning battery/electronics disposal, please dispose of the device in a waste bin for electronic devices. Many electronics retailers now recycle batteries and other electronic components at no charge.

•OTHER IMPORTANT SAFETY INFORMATION

Disposal of old electronic & electronic equipment (Applicable in the European Union and other European Countries with separate collection systems) The trash can symbol (seen on the bottom) on the production indicates that this product shall not be treated as household waste. Instead it shall be handed over to the applicable collection point for recycling of electronic equipment. By ensuring this product is disposed of correctly, you will help prevent potential negative consequences for the environment and human health, which could otherwise be caused by inappropriate waste handling. For more detailed information about this product, please contact your local household waste disposal service or the shop where you purchased this item.

IMPORTANT REMINDERS

This device can ONLY be charged by 5V adapters/USB ports only. Quick charging devices over 5V may cause heat and fire.
