This product provides a high quality charging experience. Before using this
product, carefully read this manual in order to operate at maximum benefit.
Please ask your local dealer or call us if you have any questions.

- 1 - MAGNETIC WIRELESS POWER BANK
- 1 - CHARGING CABLE
- 1 - USER MANUAL

•PRODUCT SPECIFICATIONS

- Size: 100*67*19 mm
- Rated Energy: 18.5Wh/3.7V
- Battery Capacity: 5000mAh
- Output Capacity: 3300mAh
- Input Voltage: 5V=2A
- Type-A/C Output Voltage: 5V=2A
- Wireless Output: 5W
- FCC ID: 2AJQ7POWERBANK2

•FCC ID STATEMENT

This device complies with part 15 of the FCC Rules. Operation is subject to the
following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference
that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party
responsible for compliance could void the user's authority to operate the
equipment.

NOTE: This equipment has been tested and found to comply with the limits for
a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are
designed to provide reasonable protection against harmful interference in a
residential installation. This equipment generates uses and can radiate radio
frequency energy and, if not installed and used in accordance with the
instructions, may cause harmful interference to radio communications. However,
there is no guarantee that interference will not occur in a particular installation.
If this equipment does cause harmful interference to radio or television
reception, which can be determined by turning the equipment off and on, the
user is encouraged to try to correct the interference by one or more of the
following measures:

Reorient or relocate the receiving antenna.
Increase the separation between the equipment and receiver. Connect the
equipment into an outlet on a circuit different from that to which the receiver is
connected.

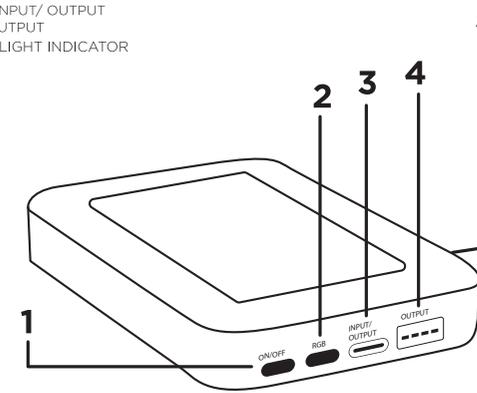

Consult the dealer or an experienced radio/TV technician for help.

RF warning statement:

The device has been evaluated to meet general RF exposure requirement. The
device can be used in portable exposure condition without restriction.

•BUTTONS & INPUTS

and newer.

•OTHER IMPORTANT SAFETY INFORMATION

Disposal of old electronic & electronic equipment (Applicable in the
European Union and other European Counties with separate collection
systems) The trash can symbol (seen on the bottom) on the
production indicates that this product shall not be treated as
household waste. Instead it shall be handed over to the applicable
collection point for recycling of electronic equipment. By ensuring this
product is disposed of correctly, you will help prevent potential
negative consequences for the environment and human health, which
could otherwise be caused by inappropriate waste handling. For more
detailed information about this product, please contact your local
household waste disposal service or the shop where you purchased
this item.

⚠ For your safety, please always use appropriate 5V input
charger/Adapter to charge the product. DO NOT USE Quick Charging
USB Adapter to charge the product, as it might damage the product.

⚠ CAUTION: Risk of Fire and Burns. Do Not Open, Crush, Heat Above
40C or Incinerate. Follow Manufacturer's Instructions.

•WARNING

- Do not disassemble or modify the product.
- Do not put pressure on this product and prevent any impact.
- Keep the product away from fire and do not submerge it in
water.
- For indoor use ONLY. Do not use the product in hot, humid or
corrosive conditions to avoid damage to the internal circuit.
- Do not place cards equipped with a magnetic strip or chip (such as
ID and credit cards) close to the product, in order to avoid possible
card reading failures.
- Do not place metal objects (such as coins or keys) on the product.
- Keep a distance of at least 20cm between medical devices
(pacemakers, cochlear implants, etc.) and the product, in order to
avoid potential interference with the medical devices.
- Keep the product away from children. This product is not a suitable
children's toy.
- In order to increase charging performance, avoid using the product
in places with high temperatures or lack of heat dissipation.
- Unplug the device when unused for long periods of time.
