| <p><b>EUT View 1</b></p> |  A photograph showing the front of a white, rectangular External Under Test (EUT) device. The device features a circular power outlet with two vertical slots and a ground pin. Below the outlet is a power button with a standard power symbol. The device is placed on a blue surface next to a black ruler with white markings. The ruler shows the device is approximately 100 mm wide and 150 mm high.                                                                                                                                                                                                          |
| <p><b>EUT View 2</b></p> |  A photograph showing the back of the same white EUT device. The back features a power inlet with two vertical slots and a ground pin. Above the inlet is a label with the following text: "MFR: Xiamen SimPal Communication Technology Co., Ltd.", "Add: 3F, No 2208, Dianqian Group II, Gaodun Village, Hui District, Xiamen", "Model: SimPal-T420", "IMEI No: 866643040000000", "S/N: WTX21X03021684", "Voltage: 110-250V 50/60Hz", "Max: 10A 2300W". The device is placed on a blue surface next to a black ruler with white markings. The ruler shows the device is approximately 100 mm wide and 150 mm high. |
