View 1**

Solder Board-Component View 2	 This photograph shows the underside of a black square component with four mounting holes. A small gold-colored component is soldered to the center. A green PCB is connected to the component via a thin wire. The PCB features a red label with the text "RED 4+", "R4855-SP-JCM", and "SN 168102041". Other markings on the PCB include "P35U_V2" and "2A 05C4". The assembly is placed on a blue textured surface next to a black ruler with white markings in millimeters and centimeters.
Solder Board-Component View 3	 This photograph shows the top side of the same black square component. A large, square, white component is mounted in the center. The green PCB from the previous view is connected to the bottom of the component. The assembly is placed on a blue textured surface next to a black ruler with white markings in millimeters and centimeters.
