

## **Product Similarity Declaration**

Product name: REMOTE CONTROL  
Model name: RC301C, RC301A, RC301B  
FCC ID: 2AK23RC301AC

We (Keeson Technology Corporation Limited) hereby state that All the same except for the model name, appearance color, the number of buttons and components due to the number of button.

The differences between the RC301A or RC301B series models and the RC301C main test model are:

The PCB boards are the same, but the number of buttons is different. The components corresponding to the button function part are different. These components do not affect the RF parameters and will not have an impact on the RF test results.
