CONFIDENTIALITY REQUEST

Federal Communications Commission  
Equipment Authorization Branch  
7435 Oakland Mills Road  
Columbia, MD 21046

To Whom it May Concern:

ProAxion, Inc. respectfully requests confidentiality of certain materials provided with the submission of the ProAxion TACTIX Sensor under FCC ID: 2AK2U-101-0001 in accordance with 47 CFR 0.457(d) and 47 CFR 0.459. The confidentiality request applies to the following exhibits contained in this filing:

- schematics (filenames: 121-0001-SCH\_RevA\_\_schematic\_main\_pcba\_tactix\_g4.pdf, 121-0002-SCH\_RevA\_\_schematic\_sensor\_pcba\_tactix\_g4.pdf)
- block diagram (filename: 101-0001-BlockDiagram.pdf)
- theory of operation (filename: 101-0001-TheoryOfOperation.pdf)
- internal photos (filenames: internal-assembled.jpg, internal-boards-front.jpg, internal-boards-back.jpg) -- note that internal components of the TACTIX Sensor are not accessible to users, since its enclosure is permanently sealed using adhesive

The TACTIX Sensor has been developed at considerable effort and expense by ProAxion. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

I appreciate your assistance in this matter.

Justin Rothwell  
Chief Executive Officer, ProAxion Inc.
