Re: FCC ID: 2AKCY-OCS-L-P-D

To Whom It May Concern:

The following application is submitted on behalf of our client, Cooper Lighting LLC, for evaluation of their models WaveLinx Lite and WaveLinx Pro for a C2PC certification under FCC Part 15.247.

The C2PC is to remove the ferrite beads on the external wires of the device.

I have reviewed the application and supporting documentation and have found them to comply with FCC requirements. I recommend this application for certification.

Yours sincerely
