Important

If you have symptoms of erectile dysfunction, i.e., inability to achieve an erection that is sufficient for sexual intercourse, consult your physician prior to using this device to avoid a potentially harmful delay in diagnosing any of the most common causes of this condition, such as diabetes, multiple sclerosis, cirrhosis of the liver, chronic renal failure, or alcoholism.

Do not use the device if you have decreased sensation or pain in the area of the penis.

Do not use the device if you have decreased hand strength because this may make removal of the device difficult.

Cleaning

Always clean Lovely after usage by washing it under running water and drying it afterwards with a soft cloth or a tissue.

Warnings

Do not fall asleep while wearing the Lovely, since prolonged use may cause permanent injury to the penis. Allow at least 60 minutes between uses, as more frequent use may increase the risk of injury to the penis. Do not use Lovely under the influence of alcohol or drugs, since such use may impair the user's judgment and increase the risk of injury to the penis. Misuse of a Lovely may cause bruising, painful injury, or permanent damage to the penis. Lovely does not prevent pregnancy.
