Baltimore, MD 21230

RE: Declaration statement Letter

To Whom It May Concern:

We hereby declare that ([FCC ID: 2AKN7UU24](#)) fulfill the requirements of 47 CFR Part 15C Section 15.247(g) & 15.247(h).

**Compliance for section 15.247(g)**

Frequency hopping spread spectrum systems are not required to employ all available hopping channels during each transmission. However, the system, consisting of both the transmitter and the receiver, must be designed to comply with all of the regulations in this section should the transmitter be presented with a continuous data (or information) stream. In addition, a system employing short transmission bursts must comply with the definition of a frequency hopping system and must distribute its transmissions over the minimum number of hopping channels specified in this section.

**Compliance for section 15.247(h)**

The incorporation of intelligence within a frequency hopping spread spectrum system that permits the system to recognize other users within the spectrum band so that it individually and independently chooses and adapts its hopsets to avoid hopping on occupied channels is permitted. The coordination of frequency hopping systems in any other manner for the express purpose of avoiding the simultaneous occupancy of individual hopping frequencies by multiple transmitters is not permitted.

Please contact me if there is any information you may need.

Sincerely,

*Chang aiping*
