PRODUCT USER MANUAL

Precautions before Use

1. This production is suitable for use in non-tropic areas below 2,000 meters, and the mark in the nameplate indicates the product is suitable for use in non-tropic areas.

2. Prevent the Tablet PC from falling to the ground or being strongly impacted otherwise.

3. Do not use it in the long term in any environment where the air is too cold, too hot (<35℃), too humid or with too much dust. Do not expose the Tablet PC to sunlight.

4. Avoid using it in the strong magnetic and strong static environment as much as possible.

5. Once any water or other liquid splashes onto the Tablet PC, close it immediately and do not use it until it dries out.

6. Do not clean the Tablet PC with any detergent containing chemical element or other liquid to avoid causing damage due to corrosion and becoming damp. If cleaning is really necessary, clean it with dry soft cloth tissue paper.

7. Our company shall not bear any and all responsibilities for loss or deletion of material inside the machine caused due to abnormal software and hardware operation, maintenance or any other accident.

8. Please back up your important material at any time to avoid loss.

9. Please do not disassemble the Tablet PC by yourself;otherwise you will lose the right to warranty.

10. This product supports the overwhelming majority of mainstream brands of 3G DONGLE network cards. The cases for 3G Dongle may be different. It is suggested that you test it to make sure it is OK before buying it.

11. Replacement with incorrect type batteries may cause explosion. Make sure to use original batteries.

- User Manual

Remove all components from the packaging and remove the packaging material, including the protective film. Check to ensu that the delivery is complete.

If you find that there are missing or damaged components, contact customer service immediately.

Quick guide

Charging the iWork10 ultimate

Please charge your iWork10 ultimate fully before using it for the first time.

a   Connect the USB 2.0 plug on the supplied USB 2.0 cable to the power adapter and the Micro-USB plug of the cable to the Tablet.

b   Then plug the power adapter into a socket.

The charging LED blinks red while charging. When the battery is fully charged, the charging LED shines red continuously.

Preparing the Tablet for operation

a   Press the on/off switch for about 2-3 seconds to switch the Tablet on.

b   Then follow the instructions in the startup wizard to set up your Tablet.

During the startup, the wizard prompts you to register for your Microsoft account. If you do not yet have a Microsoft account, please set one up here.
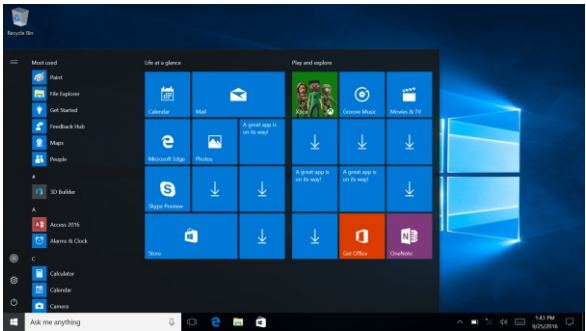

c   After completion of the startup, your Tablet is configured. This may take several minutes to complete. Do not turn the Tablet off during this time!

Unlocking the display

As soon as the device has been set up (and every time it is sub-sequently switched on and booted up), the lock screen appears. Drag the lock screen upwards with your fingertip to unlock the screen.

If your Tablet is password-protected, you must then enter the password.

Start menu

To display the start menu, tap the Windows icon in the bottomleft of the display or press the Windows button on the keyboard.Tap / press the icon a second time to hides the Start menu.In addition to the straightforward navigation bar (A) found in classic Start menu of older Windows versions, this Start menuhas a useful App field (B) to the right of the navigation bar.Here you can add and organise apps and favourites in the formof live tiles.

There is an alphabetically ordered list of all the apps installed underneath the navigation bar (A). To access this, drag the navigation bar upwards or tap "All apps" in the bottom left of thenavigation bar.

The Info Center

The Info Center is a bar with quick links to some important Tablet functions, which you can either display or hide.To access the Info Center, swipe your finger from the right edge of the screen towards the centre or tap the memo symbol in thebottom right-hand corner.

Enabling WiFi

a   Select "All settings" in the "Info Center".

b   Tap "Network & Internet" in the settings menu.

c   Tap "Wi-Fi" on the left in the next screen.

d   Move the slider for WiFi from "Off" to "On".

e   Tap the network that you wish to connect to.

f   Enter the network key (password) if necessary.

g   Now tap "Connect". The SurfTab connects to the selected network.

Reset

If your iWork10 ultimate "freezes" and no longer responds, you can restart it.Press and hold down the on/off switch for at least 10 seconds untilthe device switches off. Wait for about 20 seconds and then turn the device on normally.

Switching off the iWork10 ultimate

a   Open the Start menu by tapping the Windows icon in the bottom left of the display or by pressing the Windows key on the keyboard.

b   Tap "Power" in the bottom area of the Start menu and then tap "Shut down". The Tablet shuts down.
