Request regarding derived additional model name for certification of FCC ID: 2AKRQRM100

For our marketing policy, we will use several model names same PCB with a same electrical circuit was installed in this product. There are no changes to the electrical circuit and performance.

The only difference is that software version is upgraded from ADK3.5.1 to ADK 4.1 for supporting stereo music play.

| Name of basic model | Name of family model |
|---------------------|----------------------|
| RM100 | RS100 |

Sincerely,

A handwritten signature in black ink, consisting of a stylized, cursive script that appears to be "Yongshik Shin".
