Specification	
Bluetooth Version	3.0+EDR
Power Rating	3W
Frequency Response	80Hz-20KHz
Speaker Size	1.5inch
SNR	80dB
Sensitivity	400mV
Distortion	1%
Communication Distance	10m (30ft)
Battery Capacity	400mAh
Dimension	Ø3.15x1.28inch
Product Net Weight	4.76oz.

Battery

Up to 4hrs long lasting rechargeable Polymer battery.

wireless IOS/Android CNC Hands-free Super Bass 4HR

FCC Statement:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.

This device complies with part 15 of the FCC rules.
Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.
