Details of:	Overview of SPG-US-01
View:	
<input checked="" type="checkbox"/> General <input type="checkbox"/> Front <input type="checkbox"/> Rear <input type="checkbox"/> Right <input type="checkbox"/> Left <input type="checkbox"/> Top <input type="checkbox"/> Bottom	 <p>A photograph showing the front of a white, rectangular electronic device (SPG-US-01) against a red background. The device has a power button at the bottom and two vertical slots in the center. Two metal rulers are placed around the device for scale: one vertically on the left and one horizontally at the bottom. The vertical ruler shows the device is approximately 10 cm high, and the horizontal ruler shows it is approximately 10 cm wide.</p>

<input checked="" type="checkbox"/> General <input type="checkbox"/> Front <input type="checkbox"/> Rear <input type="checkbox"/> Right <input type="checkbox"/> Left <input type="checkbox"/> Top <input type="checkbox"/> Bottom	 <p>A photograph showing the rear of the same white device (SPG-US-01) against a red background. The device has a small circular hole at the bottom and two vertical slots at the top. Two metal rulers are placed around the device for scale: one vertically on the left and one horizontally at the bottom. A red line points from a white box labeled "Details of label" to a small, faint label on the rear of the device.</p>

View: <input checked="" type="checkbox"/> General <input type="checkbox"/> Front <input type="checkbox"/> Rear <input type="checkbox"/> Right <input type="checkbox"/> Left <input type="checkbox"/> Top <input type="checkbox"/> Bottom		 <p>A photograph showing the front view of a white, rectangular electronic device (SPG-US-01) placed on a red surface. The device has a small, square protrusion on its top surface with three thin, vertical pins. A metal ruler is positioned vertically to the left of the device, and a smaller metal ruler is placed horizontally in front of it, providing a scale for the device's dimensions.</p>
