Re: FCC ID 2ALBG-2017 Confidentiality Request

To Whom It May Concern:

Pursuant to the provisions of Sections 0.457 and 0.459 of the Commission's rules (47 CFR §§ 0.457, 0.459), we are requesting the Commission to withhold the following attachments as confidential documents from public disclosure indefinitely:

- Schematic Diagram
- Block Diagram
- Theory of Operation
- Antenna Specification

The above mentioned documents contain detailed system and equipment descriptions that are considered as proprietary information in operation of the equipment. The public disclosure of the above documents might be harmful to our company and competitors would gain an unfair advantage in the market.

In addition to the above documents referenced above, pursuant to Public Notice DA 04-1705 of the Commission's policy, and in order to comply with the marketing regulations in 47 CFR §2.803 and the importation rules in 47 CFR §2.1204, while making sure that business sensitive information remains confidential until the actual marketing of newly authorized devices, we are requesting the commission to grant short-term confidentiality request on the following attachments for 180 days from the issue of the grant:

- External Photos

---

- Internal Photos
- Test Setup Photos
- User Manual

It is our understanding that all measurement test reports, FCC ID label format and correspondence during certification review process will be available for public review once the grant of equipment authorization is issued.

Best Regards,

Bomotti L.L.C.
