Re: Attestation for Product with FCC ID 2ALBK-0445

To whom it Concerns:

Baigong LLC confirms that the product with FCC ID 2ALBK-0445 ("Device") meets the requirement of the KDB 748748 D01 Labeling Guidelines because each of the following factors are satisfied:

1. The Device is handheld;
2. The FCC mark (including FCC ID and model number) ("Mark") will be placed in the Device battery compartment and Device batteries will not be installed during the marketing of the Device;
3. The Mark will not be located on a removable portion of the Device battery compartment;
4. The Device battery compartment does not require special tools to access;
5. The Device user documents will direct customer on where to find the Mark; and
6. The Mark will meet all general labeling recruitments.

Please contact me if you have any questions.

Best,
