Re: Request for Confidential Treatment for FCC ID No. 2ALBL-1731

To whom it may concern:

On behalf of Gillon UK LLC and its affiliates, I write to request the confidential treatment of the item described below, each of which are attached as exhibits to the FCC Class II Permissive Change application for FCC ID No. 2ALBL-1731. This request is made pursuant to 47 C.F.R. §0.457 and 47 C.F.R. §0.459.

Long-Term Confidentiality

We request indefinite confidential treatment for the following confidential materials contained in our application:

- Block diagram v2
- RF Operation description v2

These material contain sensitive technical and design information about our device that we would only share on a need-to-know basis, subject to confidentiality agreements, even after we begin marketing and selling the device. If this information is disclosed, our competitors would gain an unfair commercial advantage over us by learning about our product design and development processes. This in turn would significantly harm our ability to compete in a highly competitive market space.

Please let me know if you have any questions or concerns. Thank you in advance for your time and support of our request.

Regards,

Wendy Mavrinac
