

Radio Statements:

FCC ID:2ALIS-A1 **IC:**22555-A1

FCC Statement: This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in

accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Non-Modification Warning:

Warning: Changes or modifications to this device not expressly approved by the manufacturer could void the user's authority to operate the equipment.

Radiation Exposure Statement:

This equipment complies with FCC/IC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance of 20 cm between the radiator and your body.

Indoor use only: Operation in the 5.15-5.25GHz band is restricted to indoor usage only.

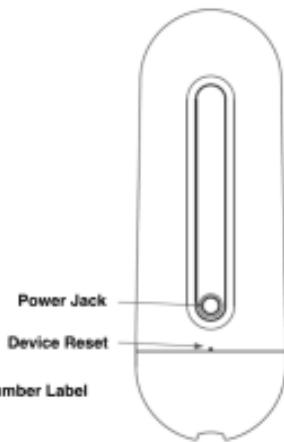

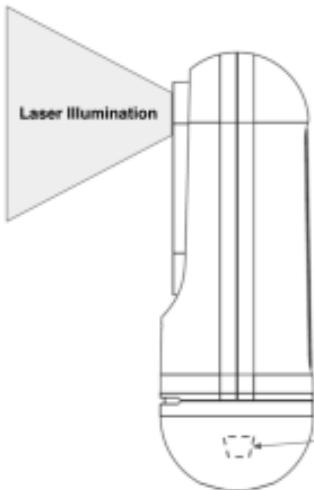

Laser: This label will not be reproduced on the device.

CLASS 1 LASER PRODUCT

EN/IEC 60825-1 2014 (2007 USA).

Caution – use of controls or adjustments or performance of procedures other than those specified herein may result in hazardous radiation exposure. Customers should not attempt to repair or service Lighthouse devices - there are no parts that require maintenance. Do not open or modify your device. Only Lighthouse or service providers with factory authorized technicians are approved to service devices. Lighthouse is a certified Class 1 laser product during all modes of operation.

CLASS 1 LASER PRODUCT

Wavelength	849-851nm
Laser Power for classification	1.4mW average @IEC Measurement Condition 3
Mode of operation	Pulsed
Field of illumination	84 degrees Horizontal FWHM 69 degrees Vertical FWHM
Pulse Frequency	21MHz - 42MHz

Safety Certification

Company Name: Lighthouse, AI
Address:
380 Portage Ave
Palo Alto CA 94306

Input Rating: 12V 

4A, 48W rated

For use only with the provided
AC/DC Adapter

Temperature rating: 5C to 40C

Warranty

Lighthouse offers a one (1) year limited warranty. All claims made under the Lighthouse one-year limited warranty will be governed by the terms of the warranty agreement, which can be found at www.light.house/warranty

Privacy
