### 1 YEAR LIMITED WARRANTY

For limited warranty information, please visit: [https://www.currant.com/warranty](http://www.currant.com/warranty)

### HOW TO ROTATE THE ORIENTATION

To change the orientation of this Energy Meter, (1) push the rigid area on the rear away from the plug, then (2) tilt the back plate away from the rigid area.

After rotating the back plate, (3) reinsert, tilting the plate away from the rigid area.

### FCC NOTICE

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the distance between the equipment and the receiver
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference, including interference that may cause undesired operation.

### FCC RADIATION EXPOSURE STATEMENT

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. In order to avoid the possibility of exceeding the FCC radio frequency exposure limits, human proximity to the antenna shall not be less than 20cm during normal operation.

### INDUSTRY CANADA COMPLIANT

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

### INDUSTRIE CANADA CONFORME

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

### SAFETY

Currant only recommends using this Currant Energy Meter according to the recommended usage under Technical Specifications. Please refer to [Currant.com/support](http://www.currant.com/support).

Please read all safety and operating instructions before using your Currant Energy Meter to avoid injury. Keep these instructions somewhere you can find them for future reference.

You run the risk of electric shock and

- For indoor use only
- DO NOT use in wet or damp areas
- DO NOT exceed the recommended electrical ratings
- DO NOT remove ground pin (middle pin)
- DO NOT use with devices that should not be operated unattended
- DO NOT use with medical or life support equipment
- Remote control of appliances may result in unintentional or automated activation of power
- Unplug Energy Meter from outlet before cleaning. Do not clean with liquid
- Disassembling the product or make repairs yourself will void the limited warranty and you run the risk of electric shock. If you need service, please contact us.

DO NOT plug the rear plate into an outlet by itself. You run the risk of electric shock. If you accidentally plug in the rear plate by itself, turn off the circuit breaker servicing the outlet before attempting to remove the rear plate.
