

LED LIGHT BULB WITH BLUETOOTH SPEAKER

Features:

- * RGB colors and settings controlled by the remote control that is included.
- * Music speaker controlled via Bluetooth 4.0+ by any phone or tablet.
- * Recommended Use: Indoor Household.
- * Package Includes: 1 x Bulb, 1 x Manual, 1 x Remote Control.

Precautions:

1. Do not put the bulb under a closed lampshade.
2. Do not install the bulb on lights with dimmers.
3. Do not put the bulb in humid or wet areas.
4. This bulb is used in AC 100-120V, 50/60 Hz.
5. This bulb is not a toy, keep it away from children.
6. Do not put the bulb on high-temperature surfaces.
7. For your safety, do not open the sealed areas of the bulb.
8. Make sure the bulb is cool before trying to replace it to avoid electric shock or burns.
9. Make sure to use the bulb with the correct volt fixture as it can be permanently damaged by plugging it into the wrong power supply.

Instructions:

1. Turn off the light fixture and wait for 30-60 seconds. Remove current light bulb from light fixture (if applicable).
2. Fit Bulb into the light fixture. Do not over-tighten or press on the bulb too hard. This can cause the bulb to shatter or damage the threads in the socket.
3. Turn on the light fixture. It is now ready to use.

TO SELECT THE LIGHT

Press "ON" on the remote control.

Press the buttons to choose a color or a color mode (FLASH/ STRONG/ FADE).

Press "OFF" to switch off.

TO PLAY THE MUSIC

Ensure the Bluetooth function of your phone or tablet is enabled and your device meets the system requirements.

Search "Music-L3" Bluetooth connection on your phone or tablet.

Pair your phone with Bulb, it will beep to confirm it has been paired successfully.

Open up your music play app or software on the phone or tablet.

Start playing the music. Enjoy!

- * Volume + (long press)

Specifications:

Input: AC100-120V/ 50/ 60Hz

Input Power: 10W (65W equivalent using only 10W of energy)

Frequency: 2402-2480MHz

Lamp base: E27/ E26

Bluetooth Version: 4.0+

Bluetooth Transmission Distance: 10 Meters

Bulb Size: Dia 95.0x128.0mm (Height)

Color: Soft white

Net Weight: 130g

Gross Weight: 195g

LED Index

Light Bulb Type: LED

LED Power: 6W

Brightness: 300 Lumens

Colors: Multi

Color Temperature: 3100K-3600K

Audio Amplifier

Driver: 3W

Distortion: <1%

SNR: >80dB

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: 1) this device may not cause harmful interference, and 2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not expressly approved by the party responsible for compliance could void your authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4. Consult the dealer or an experienced radio/TV technician for help.
