## SAFETY INFORMATION

**WARNING! ELECTRIC SHOCK HAZARD: TO REDUCE THE RISK OF FIRE OR ELECTRIC SHOCK, DO NOT EXPOSE THIS PRODUCT TO WATER.**

Please read and follow these instructions, beware all warnings, and keep this document for future reference.

- Set up your product in accordance with product manual, and place your product in a stable location so it will not fall and cause product damage or bodily harm.
  - Do not use your product near water, including dripping or splashing sources (e.g. indoor fountain), or near object filled with liquids, such as flower vase or fish tanks.
  - Do not use your product near heat sources (e.g. radiators, heat registers, stoves, open flame, such as lighted candles, or other heat-producing devices, such as audio amplifiers or TVs).
  - Do not block ventilation openings or push objects into product vents, ports or slots. Doing so may create an electric shock or fire hazard. Maintain a minimum distance of at least 15cm (6 inches) around your product for sufficient ventilation. Covering ventilation openings with such items as newspaper, tablecloths or curtain may impede ventilation and cause a fire.
  - Refer all servicing and repair to qualified service personnel. Servicing is required when your product does not operate normally, the power cord/plug has been damaged, the product has been exposed to water, rain, liquid or moisture, the product has been dropped, or an object has been inserted into a product port or vent.
  - Please use the product in specified voltage, or it may cause electric shock, damage or fire.
  - Please do not disassemble and make any modifications to the product, this may lead to electric shock, fire or electric leakage.
  - Please do not disassemble the silicone cover and do not put strong force on it, which may cause damage to it.
  - The sensitivity of tapping function is determined by tapping speed, force and direction. Please tap the silicone cover downward in a 45 degree. The tapping time interval is about 0.5 second.
  - If you have difficulty in controlling light with tapping function, please switch off this function and use lighting button to turn on/off the light.
  - Turn off the tapping function switch which is at the bottom of the product before moving it.
  - Use the product in an environment within the temperature of -10°C ~ 40°C.
  - Do not use the product in your car.
  - Place the product in a proper place to avoid injury to children.
- This is not toy, children under 8 years old should use the product with parents' accompany.
