Solder Board-Component View 9	 A photograph showing a small green printed circuit board (PCB) component, likely a wireless module, resting on a blue textured surface. A black ruler with white markings is placed horizontally above the component, showing measurements in millimeters (mm) from 0 to 100. The component is rectangular with various soldered components and a circular gold-colored pad on one side.
Antenna View	 A photograph showing the underside of a green PCB, which is densely populated with electronic components. A red rectangular box highlights a specific component, and a red line points from a label to it. The label is a white box with a red border containing the text "WIFI/BT Antenna". The PCB has various connectors, including a USB port and a multi-pin connector. The background is a blue textured surface.
