

Antenna connector letter

December 5, 2023

FCC ID:2AM72-B516-BT3

To whom it may concern,

In order to comply with Part 15.203, this letter is to confirm that the APx front panel RF connectors will use a detachable antenna using a non-standard interface. The APx front panel connectors is a male SMA type (nonstandard) – and the supplied mating antenna assembly will consist of a barrel adapter permanently attached to the antenna with Loctite.

Manufacture : Audio Precision Inc.
Model : APx516B
Radio Type : Blue tooth module v4.2

Sincerely,

A handwritten signature in black ink, appearing to read "William Bunnell". The signature is fluid and cursive, with the first and last names being clearly legible.

William Bunnell
