## BLUETOOTH SPEAKER (TURTLE SPEAKER)

### Safety Instructions

Keep the device away from open flame, heat, direct sunlight and sharp edges. Do not insert any metal objects into the device due to a risk of short circuit. To avoid a static charge, do not use the device in extremely dry climate.

**Accessories included** - 1 Micro USB to USB charging cable

### Charging the speaker

- Connect the micro USB plug to the micro USB charging port on the speaker.
- Connect the standard USB plug end of the cable to a power USB port on a computer or other USB charging device.

The RED LED indicator turn on when the battery be charged. And the RED LED turn off when the battery is fully charged.

The BLUE LED will flash quickly when the device open. And the BLUE LED will flash slowly when the device connect with your mobile.

### Pairing your speaker (BT SPEAKER) to a mobile phone or other devices.

1. To pair the TURTLE SPEAKER it must be turned off. Press and hold the on/off button for about 6 seconds until the blue LED is flashing constantly. Now the speaker is ready for pairing.
2. Turn on your mobile phone, turn on the Bluetooth capability on your device and make it discoverable (see your device's instructions to add or setup a Bluetooth device).
3. Search for Bluetooth devices. TURTLE SPEAKER will show up.
4. Pair your device with TURTLE SPEAKER. If a password is requested type in "0000".

*Note: Once the speaker has been paired to your mobile phone or device, it will connect automatically the next time you turn the speaker on if the Bluetooth function on your mobile phone or device is turned on.*

## Troubleshooting

Problem	Cause	Solution
Cannot turn the speaker on	Empty battery	Charge the battery
Unable to pair the speaker	Speaker is already on, and it is not in pairing mode	Refer to section "Pairing your BT SPEAKER"

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Caution: The user is cautioned that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

### Technical Specifications

Bluetooth support: 4.2+EDR

Range: 32'

Transmitting frequency: 2.4G Hz

Power supply: DC 5V /100-120mA

Battery: 3.7V 500mAh Lithium

Charging time: Approximately 2 hours

Operating time: Approximately 4 hours

IP grade: IPx4
