

# Quick Start Guide

## WIRELESS BRIDGE (WB14)

*Delight Power Products Limited (DDPL)*

# 1. Package Content

Wireless Bridge x 1

## 2. Specification

<b>Product name</b>	Wireless Bridge
<b>Model name</b>	WB14
<b>Operating frequency</b>	433.3MHz

### 3. Getting to Know Your WIRELESS BRIDGE

Your WIRELESS BRIDGE serves as a gateway and communication bridge for Tablet to access and control the Lighting Control System, which is used in both operation and system to set up, it also provides a mean to communicate with Internet World.

#### 3.1. WIRELESS BRIDGE Function

LED Indicator

- Flashing Blue Light: connecting to the Power
- Constant Blue Light: power is connected

### Cable Connector Port

- Use the Lane Cable to connect with the WIRELESS BRIDGE and Wireless Router LAN 1 at your home

### USB Connector Port 1

- Insert the USB to the WIRELESS BRIDGE
- Connect the USB to Wireless Router for power supply

## USB Connector Port 2

- External spare port for power supply

## 4. Quick Set Up Guide

### 4.1. Connecting WIRELESS BRIDGE

The following picture give you the instruction of how to insert the USB to the WIRELESS BRIDGE. Firstly, you insert the USB to your WIRELESS BRIDGE and then connect it to the Wireless Router for power supply. Secondly, you use the Lane Cable to connect with the WIRELESS BRIDGE and Wireless Router LAN 1 at your home. Therefore, WIRELESS BRIDGE should be fully functional. You can also see the LED constant blue light is on, when the power is connected.

## 5. Safety and Use

We recommend that you read this chapter carefully before using your WIRELESS BRIDGE. The manufacturer disclaims any liability for damage, which may result as a consequence of improper use or use contrary to the instructions contained herein.

### 5.1. Condition of Use

- Switch the device off before boarding an aircraft.
- Switch the device off when you are in health care facilities, except in designated areas. As with many other types of equipment now in regular use, devices can interfere with other electrical or electronic devices, or equipment using radio frequency.

- Switch the device off when you are near gas or flammable liquids. Strictly obey all signs and instructions posted in a fuel depot, petrol station, or chemical plant, or in any potentially explosive atmosphere.

- When the device is switched on, it should be kept at least 15 cm from any medical device such as a pacemaker, a hearing aid, or an insulin pump, etc.
- When this device is switched on, it should be kept at least 20 cm from the body.
- Do not let children use the device and/or play with the device and accessories without supervision.
- If your device has a removable cover, note that your device may contain substances that could create an allergic reaction.
- If your device is a unibody device, the back cover and battery are not removable. If you disassemble your device the warranty will not apply. Disassembling the device may damage the battery, and may cause

leakage of substances that could create an allergic reaction.

- Always handle your device with care and keep it in a clean and dust-free place.
- Do not allow your device to be exposed to adverse weather or environmental conditions (moisture, humidity, rain, infiltration of liquids, dust, sea air, etc.). The manufacturer's recommended operating temperature range is  $-20^{\circ}\text{C}$  ( $-4^{\circ}\text{F}$ ) to  $+65^{\circ}\text{C}$  ( $149^{\circ}\text{F}$ ).
- Do not open, dismantle, or attempt to repair your device yourself. Do not drop, throw, or bend your device.
- Do not paint it.
- Use the accessories which is recommended by Delight

Power Product Limited, and its affiliates and are compatible with your WIRELESS BRIDGE.

- WIRELESS BRIDGE must be disposed of in accordance with locally applicable environmental regulations.

## 6. FCC

- This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received,

including interference that may cause undesired operation.

- This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/ TV technician for help.
- Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
