**RE: Long-Term Confidentiality Request for Tap2iD Verifier/TID-CID-16-00-110/ FCC ID# 2AMBZ-TID-CID-16-00**

To Whom It May Concern:

This letter serves as an official request for confidentiality under § 0.457(d) and § 0.459 of CFR 47. We have requested that the following documents required to be submitted with this application be permanently withheld from public review.

- **Block Diagram**
- **Schematics**
- **Theory of Operation**
- **Tune Up Procedure**
- **Parts List/BOM**

These documents contain detailed system and equipment descriptions and related information about the product, which manufacturer/applicant considers to be proprietary, confidential, and a custom design and otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, manufacturer/applicant feels that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give our competitors an unfair advantage in the market.

Please contact me if there is any information you may need.

Sincerely,

A handwritten signature in black ink that reads "Kai V Aiello". The signature is fluid and cursive, with "Kai" and "V" being the first initials, and "Aiello" being the surname.

Kai Aiello  
Dir. Hardware Development  
Credence ID, LLC.
