# 03 - The Application

## The App

The Festina technology application is **very easy** to use and so **intuitive**.

The App is available on:

IOS

Version IOS 11+

Android

Version Android 5.0+

## Main Functions

## User Manual

To facilitate its use, the application provides a contextual help in the top right corner of each view. 

FESTINA HYBRID

THE APPLICATION

1  
6

## 04 Quick Start

## Watch Activation

1. Download the Festina application «Festina Technology».

2. Once the application is downloaded:

- Launch the application «Festina Technology»
- Follow the instructions

## First Connection

For the first connection the watch should be sufficiently charged.

- If the hands are at 6 o'clock:

- If the hands are at 12 o'clock:

Put the watch on the charger until the hands are at 12:00 in order to continue the process of the first connection.

The watch is ready for connection, you can continue the process.

1. Insert the micro USB connector cable in the charging dock, and plug the cable into a power outlet.
2. Place your watch on the charging dock.
3. Wait until the hands are on 12:00 in order to continue the process of the first connection.

## 05 - Usability & Security

## Terms of use and safety

- a. Recommended operating temperature range : 0°C – 45°C.
- b. Recommended storage temperature range : -10°C – 85°C.
- c. Avoid extreme temperatures and extreme atmospheres.
- d. Keep the watch away from sharp objects that can scratch the glass.
- e. Avoid shocks of any kind.
- f. Do not expose the watch and strap to chemicals, solvents or cosmetics.

### Waterproofness

## Special mode

### End Of Life (EOL) mode:

To increase the battery life, Festina's team has developed three EOL modes.

#### EOL 1 : between 20% - 10% of the battery

Second hand moves only all the 4 seconds.

All the functionalities of the watch are available.

#### EOL 2 : between 10% - 5% of the battery

Second hand stops to move.

Bluetooth connection no more available.

Only the time function and the fitness tracker are available on the watch.

#### EOL 3 : between 5% - 0% of the battery

All the hands are moving to noon.

Bluetooth connection no more available.

No functionality available on the watch.

### Reset Mode

 To reset the watch, you need to Push Pusher 1 and Pusher 3 during 5 seconds..

Please note that you risk to lose your settings and your data if you reset the watch.

## Battery Information

- This electronic product contains a rechargeable battery (coin cell battery).
- Do not ingest battery, Chemical Burn Hazard.
- If the battery is swallowed, it can cause severe internal burns in just 2 hours and can lead to death.
- Keep away new and used batteries from children.
- If the battery compartment does not close securely, stop using the product and keep away from children.
- If you think batteries might have been swallowed or placed inside any part of the body, seek immediate medical attention.
- A rechargeable battery has a long service life if treated properly.
- Do not expose the battery to extreme temperatures. For maximum battery capacity, use the battery at room temperature. If the battery is used in low temperatures, the battery capacity will be reduced.
- Do not try to open the watch – any operation related to the movement must be performed by a watchmaker. It includes changing the battery.
- If the watch does not properly close, stop using the product.
- If the watch starts heating during normal usage, stop using the product.

## Recycling Information

**This electronic product must not be disposed of in municipal waste. To preserve the environment, this product must be recycled after its useful life as required by law.**

Use recycling facilities that are authorized to collect this type of waste in your area. In doing so, you will help to conserve natural resources and improve standards of environmental protection. For information about safe and correct disposal methods, please contact your local city office or waste disposal office, or the establishment where you purchased this product.

## 06 Certifications

## USA / Canada

**Product :** 915.03B

**FCCID :** 2AMGU91503B

**IC :** 20965-FST91503B

### Radiofrequency radiation exposure Information

For body worn operation, this watch has been tested and meets the FCC RF exposure guidelines when used with the Soprod accessories supplied or designated for this product. Use of other accessories may not ensure compliance with FCC RF exposure guidelines.

### Compliance information

This device complies with Part 15 of the FCC Rules and RSS-247.

Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and

(2) this device must accept any interference received, including interference that may cause undesired operation.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence.

L'exploitation est autorisée aux deux conditions suivantes:

(1) l'appareil ne doit pas produire de brouillage, et

(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

## FCC Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

### NOTICE

Changes or modifications made to this equipment not expressly approved by Festina may void the FCC authorization to operate this equipment.

## 07 -

## Warranty

## Warranty

Festina warrants that this product and accessories included in the packaging against defects in material and workmanship under normal use for a period of two years starting at the date of purchase by the final purchaser.

Festina does not warrant that the operation of the Festina Technology FS3001 watch will be uninterrupted or error-free. Festina is not responsible for damage arising from failure to follow instructions relating to the Festina Technology FS3001 watch.

Festina warrants only batteries whose fully charged capacity falls below 60% of their rated capacity and batteries that leak.

Festina does not warrant defects or damages that result from:

- abnormal or abusive use, improper storage or accidental damage;
- normal wear such as alteration of the color or deterioration of the watchcase or the straps.
