

The diagram shows the components of the MP04 portable music player. At the top left is the main unit, a circular device with a speaker grille and a control panel. To its right is a coiled charging cable with a USB connector on one end and a proprietary connector on the other. Below the cable is a circular suction cup. To the right of the suction cup is a CD-ROM. At the bottom right is a folded rectangular card. Each component is labeled with a quantity 'x1'.
