BTR006  
USER MANUAL

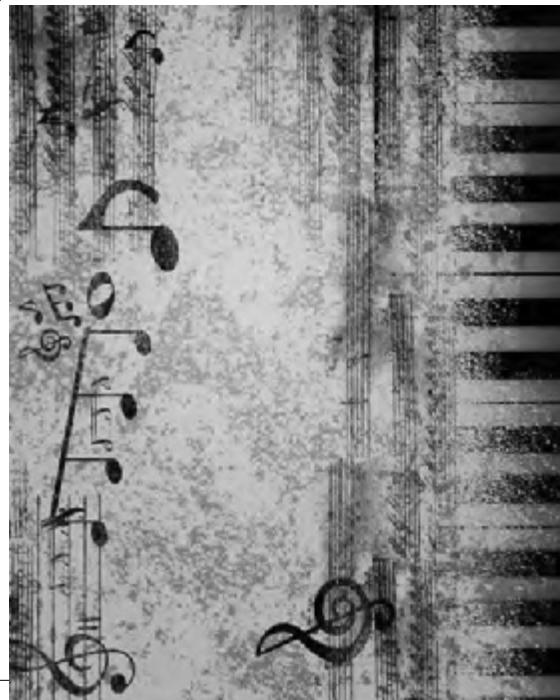

AUX - BLUETOOTH RECEIVER

LIPSTICK

There is a young man who love audio and video very much.His dream is very simple  
that is free to enjoy music at any time.

In order to achieve the dream  
as a child-he give up the opportunity to play with their peers  
squatting on the electrical repairing shop to see the master repair electrical appliances.  
The TV screen becomes clear from the snowflake by the skillful master  
the radio becomes incomparable sweet-this is how magic..

MEMCOM-Simple your Life

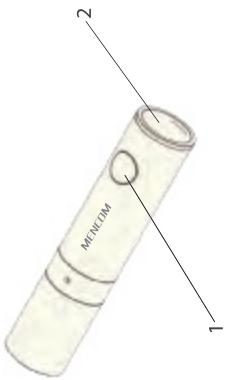

Please read this manual carefully before use.

#### Box contents

- Lipstick BT Receiver
- Charge cable
- 3.5mm adapter cable
- User manual

#### Functions

1. Multi Function Button
2. Micro USB Charging Port

## Instructions for use

### Getting started

- To turn the receiver on press and hold the MFB (1) for 3 seconds
- To turn the receiver off press and hold the MFB (1) for 3 seconds
- The receiver will shut down automatically if no action in ten minutes

## Charging

It is recommended that you give the Lipstick a full charge before its first use.

1. Plug the micro USB end of the charge cable into the device micro USB charging port (2)
2. Plug the standard USB cable end into either a computer or a USB mains charger
3. The MFB (1) will be solid red whilst charging
4. When charging is complete, the MFB (1) will be solid blue

Note: It may take up to 1.5 hours before the Lipstick is fully charged.

## Pairing the receiver to your device

Before you can use the receiver via Bluetooth, it will need to be paired to your device.

To do this:

1. Press and hold the MFB (1) for 6 seconds. This will turn the receiver on and will automatically enter pairing mode. The MFB (1) will flash red and blue when in pairing mode
2. Turn your device's Bluetooth ON and search for new devices
3. When the "MENCOM-BTR006" appears in the list, select it and if asked for a passcode, enter '0000'
4. The receiver should then be paired to your device

5. The receiver will automatically pair to the last device it connected to when turned on.

### Attention:

If you can Not find the paring name- MENCOM-BTR006 -on your cell phone,please read the no. 1 carefully and pay attention to below:  
**[DO NOT release your hand on 3 seconds when the led red and blue flash only for 1 time]**

Note: Pairing mode will be active for 3 minutes. After this, the light will slowly flash blue. To re-activate pairing mode, turn the receiver off and follow the instructions as above.

Please note you can have two devices paired to the upstick at any time.

## Playing music through your receiver

### Aux-in / Bluetooth

If already connected to the receiver via Bluetooth, simply plug the lipstick into the aux port of the speaker/earphones. Whilst playing music please use your device to change volume/track. To play/pause songs through the receiver short press the MFB (1).

## Call handling

The receiver can also take and receive calls when connected.

Answer phone call	short press MFB (1)
Reject phone call	press MFB (1) for 1 second
Hang up the call	short press MFB (1)
Redial last number	short press MFB (1) twice
Cancel dialling	short press MFB (1)

Note: If your aux-in port is located within the glove box and the glove box is closed, you may have problems talking over the phone as the MIC won't be able to pick up your voice.

### 3.5mm Aux Adapter cable

You can use the 3.5mm AUX adapter cable to connect your other devices which have Female Aux port,such as car,speaker etc.

### Battery

- Low battery alarm will indicate there is 5 minutes left of battery
- After 5 minutes the device will turn off

We hope you've now got all the information you need to get started, but if you're having problems with anything, please feel free to contact us at: support@mencom.hk

Please do not attempt to open this product. There are no user serviceable parts inside, in particular if your product has an embedded, non-replaceable battery, do not attempt to access or remove the battery as this may cause personal injury and will damage the product.

Making any attempt to open the product or carry out repair voids any and all warranties

We apologise for any inconvenience caused by minor inconsistencies in these instructions, which may occur as a result of product improvement and development.

## FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
