

SKY300-Band

Name: Beacon
Model: SKY300

Description

The SKY 300 is a BLE beacon that is worn as a wristband. Emergency call functionality is incorporated via button press. The beacon uses BLE technology to communicate with anchors for tracking.

Advantages

Tracking, button call, fall detection,
comfortable, lightweight, low-profile design
Optional tamper-resistant for memory care
24/7 operability with up to 1 year of battery life

Specifications

- Box Dimensions: 9mm x 32mm
- Weight: 15g
- Battery Life: Up to 1 year
- Battery Type: CR2032 coin cell
- Operating Temperature: -4 to 140°F
- Environment: Water Resistant up to 1m
- BLE Frequency: 2.4ghz
- Sync Method: Bluetooth 4.0 / BLE

FCC RF Radiation Exposure Statement

This equipment complies with FCC and IC radiation exposure limits set forth for an uncontrolled environment. End users must follow the specific operating instructions for satisfying RF exposure compliance. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter except in accordance with FCC and IC multi-transmitter product procedures.

Cet équipement est conforme aux limites d'exposition aux radiations FCC et IC définies pour un environnement non contrôlé. Les utilisateurs finaux doivent suivre les instructions d'utilisation spécifiques pour satisfaire à la conformité d'exposition RF. Cet émetteur ne doit pas être situé au même endroit ou fonctionner avec d'autres antennes ou transmetteurs, sauf conformément aux procédures du FCC et du transmetteur IC.

FCC Part 15 and Industry Canada Compliance

This device complies with part 15 of the FCC Rules and Industry Canada license- exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must not accept any interference, including interference that may cause undesired operation of the device. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operation the equipment.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Note: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
