Re: FCC ID: 2AMO4-JBRF-1

To Whom It May Concern:

The following application is submitted on behalf of our client, Jigabot LLC, for evaluation of their model JBFR-1 for certification under FCC Part 15.519.

The JBFR-1 is a hand held UWB system product which contains the Decawave DW1000 UWB transceiver chip to transmit and receive UWB data over its chip antenna.

The JBFR-1 was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,

A handwritten signature in black ink, appearing to read "R. Sam Wismer".
