WARRANTY TYPE

Home service and carry in warranty are provided.

Home service warranty requires customers to have a technician visit their home and service the product. This type of warranty can be availed by customers living in locations where there is an authorized service center. The list of authorized service centers is available on www.saregama.com/carvaan/gold/hindi/service-center

Carry-in Warranty service requires that the Product be brought by the Customer, at his/her sole cost and responsibility, to the Authorized Dealers along with the original invoice.

Once the Product is serviced/repaired/replaced, the Customer shall be responsible to pick-up the Product from the concerned Authorized Dealer.

Frequency: 50/60 Hz for input and 9V 1A for output

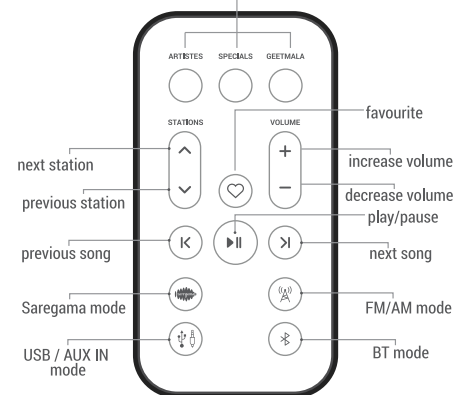

External Antenna:

Insert the antenna into the AUX IN port for improved reception of local FM stations

Choose your preferred category in Saregama mode

SAFETY HANDLING

1. CARE FOR PRODUCT

- Keep Carvaan Gold away from dust and excessive heat (heat registers, stoves etc.)
- Prevent spillage of water or any other liquid as this can cause failure of Carvaan Gold or could prove to be a potential fire hazard
- Clean the unit with a dry cloth only
- Do not walk on or pinch the power cord close to the plug
- Do not immerse Carvaan Gold or the remote into water
- Remove the remote battery when it is not used for longer duration
- Do not mix different brands or types of batteries in the remote

2. CARE FOR BATTERY

- Do not expose the battery to heat sources greater than 60°C
- Recycle or dispose the battery when essential. Please ensure proper battery handling and disposal methods

To replace the remote control battery:

- Open the battery compartment
- Insert a fresh CR2025 battery with the correct polarity (-/+)
- Close the battery compartment
- Discard the used battery

- Do not subject the battery pack to a mechanical shock
- In the event of a battery leak, do not allow the liquid to come in contact with the skin or eyes. If contact has been made, wash the affected area with water and seek medical advice
- For prolonging battery life, avoid discharging the battery completely

3. OTHERS

- Use attachments/accessories as specified by the manufacturer
- Please contact an authorized service center for any repair/ servicing requirements or call the toll free no. 1800-102-7799

 Waste electrical products should not be disposed of with household waste. Please follow disposal and recycling instructions issued by the concerned local authority.

FCC Notice

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE 1: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
