

# Antenna Specification

## Specifications

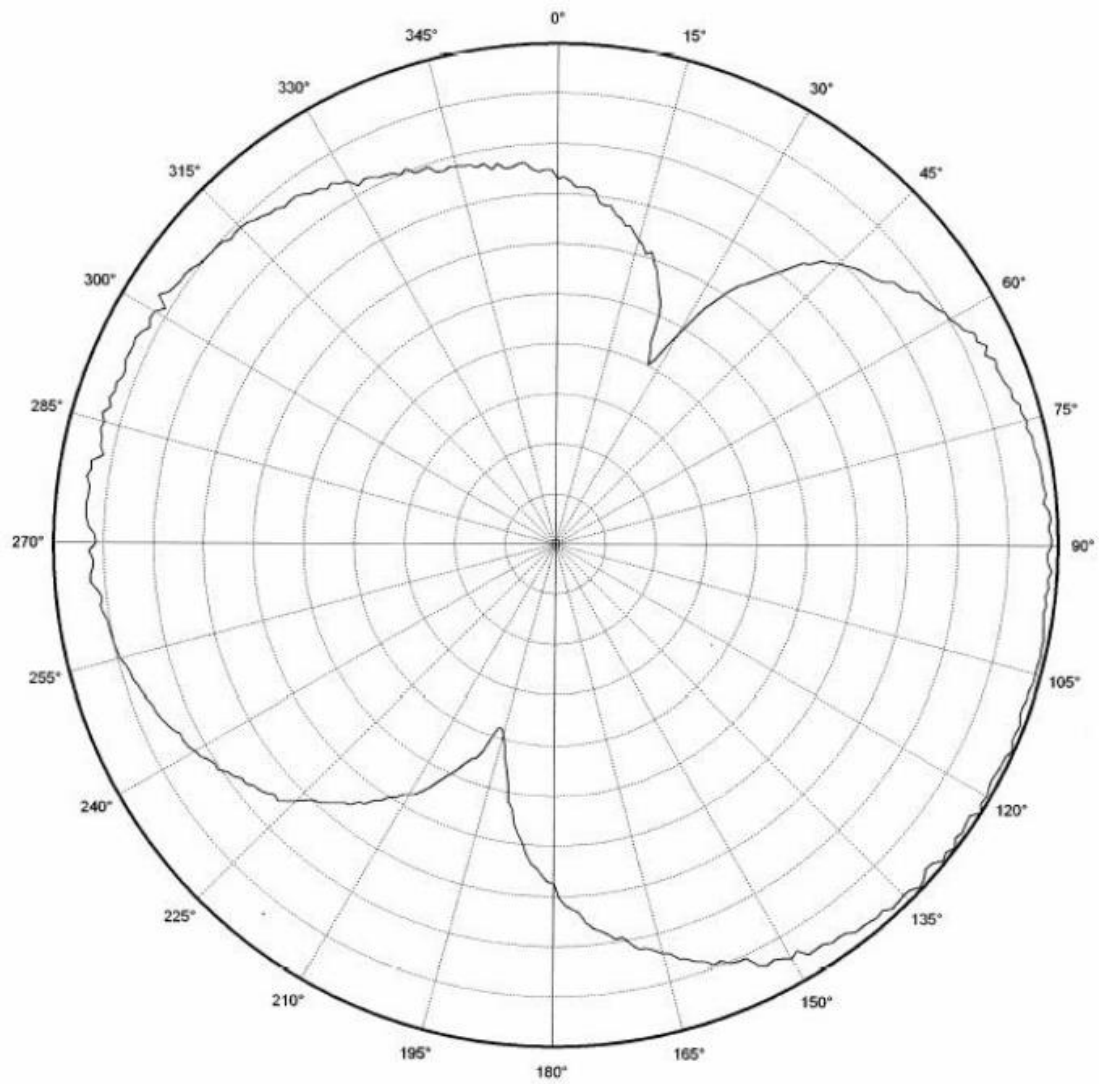

### Summary

|                      |                                                                                              |
|----------------------|----------------------------------------------------------------------------------------------|
| ITEM                 | SPEC                                                                                         |
| Center Frequency     | 2450MHz                                                                                      |
| MAX GAIN             | 2dBi                                                                                         |
| Polarization         | Horizontal                                                                                   |
| Azimuth Beam Pattern | Omni-directional                                                                             |
| Impedance            | 50Ω                                                                                          |
| Antenna Length       | 4.1cm                                                                                        |
| Supplier             | SUNMAS                                                                                       |
| Supplier Address     | 4 / F, Yongchang Building, Xicheng Industrial Zone, Xixiang, Bao 'an District, Shenzhen City |

### Antenna Photo&Length(mm)

## 1、Horizontal

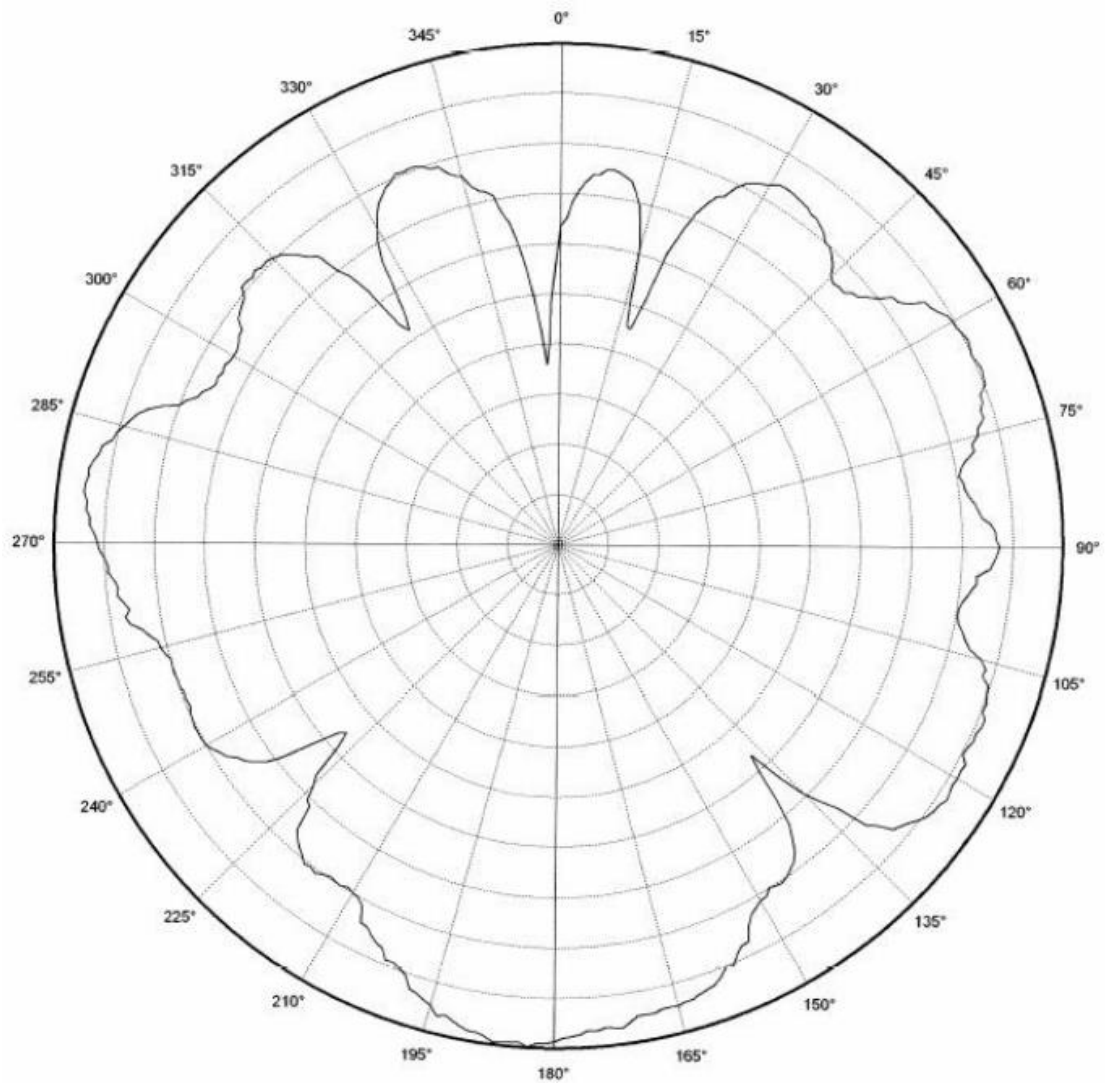

Frequency(MHz): 2450

Antenna Polarity: Horizontal

5dB/div

Ref Lev:9.5dBm

## 2、Vertical

Frequency(MHz): 2450

Antenna Polarity: Vertical

5dB/div

Ref Lev:-2.0dBm
