Please find below the responses to your questions regarding the ASoP for this filing.

1. Is the address of the agent a valid physical US mailing address (not a US post office box, not a virtual mailbox, not P.O. Boxes, not a vacant lot, not a public building, etc.)

Yes – confirmed using Google Maps (it is an apartment, refer to attached screen shot of the address from Google Maps).

2. Is the agent physically located at that valid US address such that the agent can be legally served at that address?

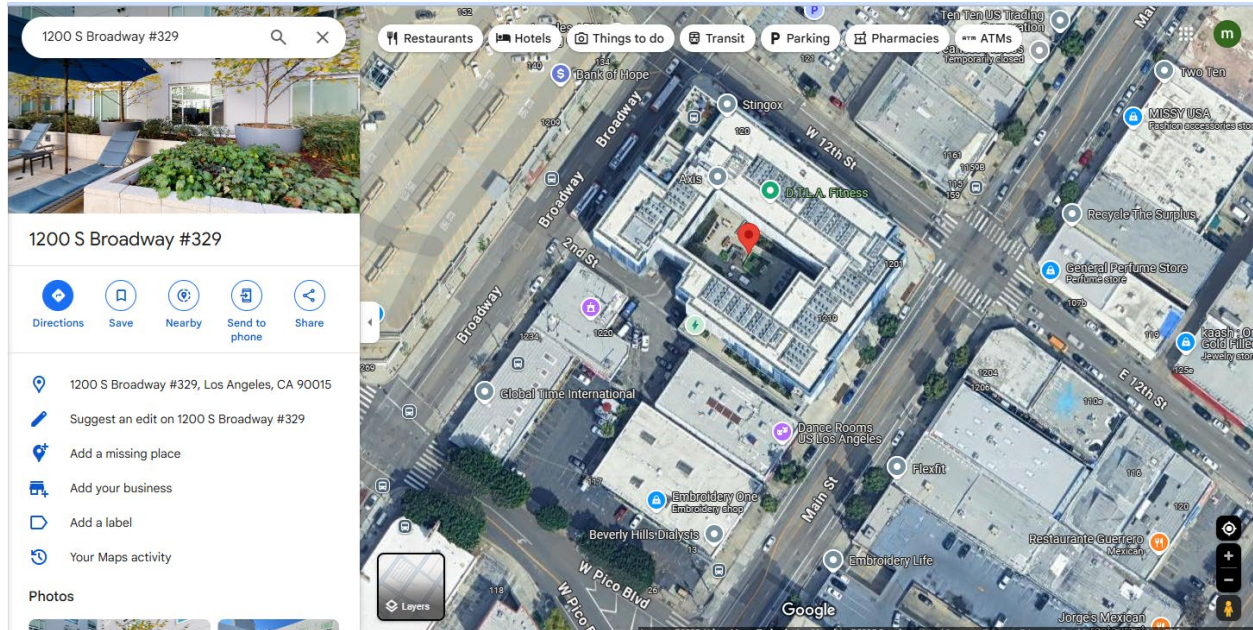

Yes – the TCB confirmed that the agent is physically at the address via email (as part of the checks for a different grantee using the same agent) using the email address detailed in the letter from the agent agreeing to act as the agent. The email verification is attached.

3. Has the listed agent clearly agreed in writing to serve as the agent for the grantee at that address?

Yes – this was clearly documented in the attestation uploaded to the F-731 as an attestation exhibit (description “agent letter”). Letter also attached. The letter is signed by both grantee and agent, agent acceptance signature is in the second part of the document.

Additional verification was requested during the TCB review of the application and in response the ASoP provided the Articles of Organization which is attached to this response.

Dear Sijie Zhang,

We are working on FCC certification for Amphenol PCD Shenzhen, specifically a device being certified as FCC ID **2BD3RNACSUHF315** and 3 Stones Media LLC has been identified as the agent for service of process (ASOP). As a part of our certification process we reach out for confirmation that the agent is

aware that they have been identified as the ASOP and can also verify their contact information. The FCC has been pushing the certification bodies to validate the agent as there have been cases of either agents being identified without the agent's knowledge and cases where the agent simply does not exist.

Could you please reply back confirming that you are acting as the ASOP for Amphenol for this product and also verify your contact address where you are physically located and able to receive documents on behalf of Amphenol.

Many thanks,

Mark
