Frequency response range: 20-20kHz (Bluetooth)
Connection method: Type-C charging cable
Support mode: BT 5.0, HSP v1.2, HFP v1.6, A2DP v1.2, AVRCP v1.4
Bluetooth frequency: 2.402-2.480GHz
Bluetooth power: <8.0dBm
Battery specifications: Rechargeable polymer lithium ion battery 1200 mAh
Charging time: 2 hours
Headphone usage time: 70H (ANC ON)
Product weight: 225g

Regulatory Information

Before using and operating the device, read and follow the precautions below to ensure that the equipment performs optimally and avoids dangerous or illegal conditions

- 1. Do not use this device in dusty, humid, dirty environment or places near magnetic field to avoid malfunction of the internal circuit of the device.
- 2. Keep the volume within the allowable range to avoid hearing damage. Prolonged exposure to high volume might result in permanent hearing damage.
- 3. Exposure to high volume while driving may distract attention and cause an accident.
- 4. Do not cover, seal or put other items on the device.
- 5. Keep the device away from heat sources or bare fire like electric heaters, microwave ovens, stoves, water heaters, candles or any place with high temperature conditions.
- 6. Do not use an external heating appliance such as a hair dryer or microwave to dry the device.
- 7. Avoid striking the device and its accessories to a hard object or vice versa as it may lead the battery to explode or might cause malfunction.
- 8. Wipe the device with a clean, dry, soft cloth. Do Not use the device before cleaning and maintenance.

- 9. Use and store the device and its accessories in the temperature range of 0°~45°. When the environmental temperature is too high or too low, it may cause device malfunction. The battery efficiency would be limited when the temperature is lower than 0°.
- 10. Keep the device and its accessories in a ventilated and cool environment without exposing it to direct sunlight.
- 11. This device is not a toy and children may use this device under adult supervision. This device and its accessories may contain small parts that should keep away from children. Children may inadvertently damage the device and its accessories, or swallow small parts resulting in suffocation or other hazards.
- 12. The device is equipped with non-removable built-in rechargeable battery. Do Not replace the battery by yourself. The battery can only be replaced by authorized service center.
- 13. Do not disassemble or modify the device and accessories without permission, otherwise the device and accessories will not be covered under warranty, please contact the authorized service center when the device malfunction is detected.
- 14. Do not dispose this device and its accessories as ordinary household waste. Comply with the local laws and regulations dealing with this device and its accessories and support recycling.
- 15. In medical and health care facilities where the use of wireless devices is prohibited, comply with the regulations of such facilities and turn off the device.
- 16. Radio waves generated by devices may affect the normal operation of implantable medical devices or personal medical devices, such as pacemakers, cochlear implants, hearing aids, etc. If you use any of these medical devices, consult their manufacturer about the use restrictions of the device.
- 17. Keep the device at least 15cm away from the implanted medical device such as pacemaker, cochlear implants etc.
- 18. Use of unauthorized or incompatible power supplies, chargers or batteries may cause fire, explosion or other hazards.

Informational Note for Customers In U.S.A. Only:

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help
Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) this device may not cause harmful interference
(2) this device must accept any interference received, including interference that may cause undesired operation.

Informational Note For Customers In EU Only:

This device has been manufactured by or on behalf of SHENZHEN GRANDSUN ELECTRONIC CO., LTD. Hereby, SHENZHEN GRANDSUN ELECTRONIC CO., LTD. Declares that this device is in compliance with Directive 2014/53/EU
 This symbol on the device, the battery or on the packaging indicates that the device and the battery shall not be treated as household waste. By ensuring these devices and batteries are disposed of correctly, you will help prevent potentially negative consequences for the environment and case of devices that for safety, performance or data integrity reasons require a permanent connection with an incorporated battery, this battery should be replaced by qualified service staff only. To ensure that the battery and the electrical and electronic device will be treated properly, hand over these devices at end-of-life to the applicable collection point for the recycling of electrical and electronic device. Hand the battery over to the applicable collection point for the recycling of waste batteries. For more detailed information about recycling of this device or battery, please contact your local Civic Office, your household waste disposal service or the dealer.This symbol is only valid in the European Union.
