

Wireless Charging Pad with Phone Ring Instruction Manual

MSL-W27Q

Features:

1. Wireless Charging Pad (Suction Pad)
2. USB A Input
3. LED Indicator
4. Phone Ring

What's included:

1 x Wireless Charging Pad
1 x Instruction Manual

Tech Specifications

- USB Input: 5V/1.5A
- Wireless Output: 5V/1A

INSTRUCTIONS:

1. Charging Mobile Devices:
 - a. Ensure that your phone or tablet supports wireless charging.
 - b. Connect the wireless charging pad to a USB adapter under USB Input(2). Once connected LED Indicator will glow Green.
** Ensure the power from USB adapter or power device can reach 2A output to charge mobile device normally.*
 - c. Place the enabled device on the surface of the wireless charging pad(1). The LED will turn RED to indicate that the phone is charging.
make sure that it will be centralized from top to bottom and left to right on the mobile device when charging.
 - d. The phone ring can be lifted up to be used as a stand or to hold your device in your hand while charging. Ring can be rotated 360 degrees.

** Note: When wireless charging, if the RED LED indicator will flash the device is either NOT a wireless charging device or there is an object between the device and charging surface interfering with the charging*

SAFETY PRECAUTIONS:

Read all the instructions before using the product.

1. Do not use on an aircraft or in a hospital.
2. To reduce the risk of injury, close supervision is necessary when the product is used near children.
3. Do not expose the device to any moisture.
4. Do not use the device in excess of its output rating. Overloaded outputs above rating may result in a risk of fire or injury.
5. Do not use the device if damaged or modified. Damaged or modified device may exhibit unpredictable behavior resulting in fire, explosion or risk of injury.
6. Do not disassemble the device. Take it to a qualified service person when service or repair is required. Incorrect reassembly may result in a risk of fire or injury.
7. Do not expose the device to fire or excessive temperature. Exposure to extreme heat may cause explosion.
8. Have servicing performed by a qualified repair person using only identical replacement parts. This will ensure that the safety of the product is maintained.
9. This device is not a toy.
10. Do not overcharge Phone. Unit may get hot with excessive use. Remove Phone when it is fully charged. Never charge for more than 7 hours at a time.

11. Attachments on the back of your phone can impede the effectiveness of the wireless charger, and lead to overheating. Please remove attachments from the phone before charging on this device.

KEEP OUT OF REACH OF CHILDREN

FCC Statement:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum 20cm distance between the radiator and your body. Use only the supplied antenna
