Dear Sir or Madam:

The RF chip, model MSM8909, which installed in our product LTE phone, model: Wileyfox Pro, FCC ID: 2ANCIWFWPRO5017, only supports 2G functions. The mobile phone will not support/enable the 3G and 4G function. The 3G and 4G function has been shielded by the manufacturer using the software. This product does not sell to the United States.

Best Regards,

Sincerely,

Signature:

Jake Mant
