Specifications

MODEL NO. camera360

Communication	Bluetooth Version. 3.0
Transmit frequency	2.4GHz
Communication distance	10m(30ft)
Battery life	CR2032 x1 cell / about 6 months (With average use <10x per day)
Dimension	50mm x 33mm x 10.5mm
Weight	About 9g

Battery

* Install battery with positive pole facing up.

How To Use

Easy to set up, Easy to use

1. Pairing your phone with your Bluetooth Remote Shutter

- Turn on your bluetooth remote shutter by moving the side switch into the "ON" position. The blue LED light will start flashing. Your bluetooth remote shutter is now in "pairing" mode.
- Open the bluetooth options on your phone. On most phones this can be done by going to "Settings" and then selecting "Bluetooth" (on Android phones you may need to first go to "Apps" and then select "Settings" from your list of applications in order to get to Bluetooth).
- Once you have Bluetooth open, select the device "AB Shutter 3" from the list of device options. You may need to wait a few seconds but it should soon say "Connected."

2. Open your camera application on your phone just as you always do when you are about to take a picture.

** If your camera application is not compatible with the Bluetooth Remote Shutter, you can download "Camera 360" from the Google Play store and use that application.

Key Word Search in GooglePlay and App Store "Camera 360"

3. **Shoot:** Using your Bluetooth Remote Shutter, press the appropriate button to take a picture.

If using an iPhone: Press the button that says "Camera 360 iOS," on your Bluetooth Remote Shutter.

If using an Android: Press the button that says "Android."

Compatible devices

Compatible with Android 4.2.2 OS or newer and iOS 6.0 or newer

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

ISED Statement

- English: This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) This device may not cause interference, and (2) This device must accept any interference, including interference that may cause undesired operation of the device. The digital apparatus complies with Canadian CAN ICES-003 (B)/NMB-3(B).

- French: Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes: (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

L'appareil numérique est conforme à la canadienne CAN ICES-003 (B)/NMB-3(B).

Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

L'appareil a été évalué pour répondre aux exigences générales d'exposition aux radiofréquences. L'appareil peut être utilisé en condition d'exposition portable sans restriction.
