Federal Communications Commission  
445 12th Street SW  
Washington, DC 20554

Dear Sir or Madam,

We, UniKey Technologies Inc of 111 W. Jefferson St Orlando, FL 32801, request a new FCC ID for the RPU2, requested FCC ID: 2ANJI-RPU2. The original FCC ID: 2APE7-RPU2 which was originally granted on 8/22/2019. The only difference for this equipment is the product label and FCC label. The product label will be removed. The FCC label will change to reflect the UniKey Manufacturing information. This means the FCC ID will change to the requested FCC ID: 2ANJI-RPU2. UniKey Technologies, Inc. intends to use the original test results for the "new" FCC ID product since the only change is to labels. The original user guide will also be used in the submittal for the "new" FCC ID product.

Sincerely,

A handwritten signature in black ink that reads "Anders Johansson".

Company Officer:	Anders Johansson
Title:	Hardware Technical Lead UniKey Technologies Inc
