

WARRANTY

3 YEAR LIMITED WARRANTY

Your **Fluval Aquasky Bluetooth® LED Strip Light** is guaranteed for defective parts and workmanship for a period of three years from the date of purchase. This guarantee is valid with proof of purchase only. The guarantee is limited to repair or replacement only and does not cover consequential loss, loss or damage to livestock and personal property or damage to animate or inanimate objects, irrespective of the cause thereof. This guarantee is valid only under normal operating conditions for which the unit is intended. It excludes any damage caused by unreasonable use, negligence, improper installation, tampering, abuse or commercial use. The warranty does not cover wear and tear or parts which have not been adequately or correctly maintained. Failure of less than 5% of the total number of LEDs shall not be considered a defect under the terms of this warranty. **THIS DOES NOT AFFECT YOUR STATUTORY RIGHTS.**

FOR AUTHORIZED WARRANTY REPAIR SERVICE:

For Authorized Warranty Service please return (well packaged and by registered post) to the address below enclosing dated receipt and reason for return. If you have any queries or comments about the operation of this product, please let us try to help you before you return the product to your retailer. Most queries can be handled promptly with a phone call. When you call (or write), please have all relevant information such as model number, age of product, details of aquarium set-up, as well as the nature of the problem.

 **RECYCLING:** This symbol bears the selective sorting symbol for waste electrical and electronic equipment (WEEE). This means that this product must be handled pursuant to European Directive 2012/19/EU in order to be recycled or dismantled to minimize its impact on the environment. Check with your local Environmental Agency for possible disposal instructions or take to an official council registered refuse collection point. Electronic products not included in the selective sorting process are potentially dangerous for the environment and human health due to the presence of hazardous substances.

GARANTIE

GARANTIE LIMITÉE DE TROIS (3) ANS

La **Rampe d'éclairage à DEL Aquasky Bluetooth™** Fluval pour aquariums deau douce et deau de mer est garantie contre tout défaut de matériaux et de fabrication pour une période de trois (3) ans à partir de la date d'achat. La présente garantie est valide accompagnée d'une preuve d'achat seulement. La garantie se limite à la réparation ou au remplacement des appareils seulement et ne s'applique ni aux pertes ni aux dommages indirects occasionnés aux objets animés ou inanimés, peu importe la cause. La garantie est valide seulement dans les conditions normales d'utilisation pour lesquelles l'appareil a été conçu. La garantie exclut tout dommage causé par un usage inapproprié, la négligence, une installation incorrecte, une modification, un usage abusif ou un usage commercial. Elle ne couvre pas l'usure normale ni les pièces n'ayant pas été entretenues de manière adéquate. Un mauvais fonctionnement de moins de 5 % du nombre total d'ampoules à DEL ne sera pas considéré comme un défaut en vertu de la garantie. **LA PRÉSENTE GARANTIE NE PORTE PAS ATTEINTE À VOS DROITS PRÉVUS PAR LA LOI.**

POUR LE SERVICE DE RÉPARATIONS AUTORISÉ SOUS GARANTIE :

Pour le service de réparations autorisé sous garantie, veuillez retourner l'article (bien emballé et par courrier recommandé) à l'adresse indiquée dans le présent document, accompagné d'un reçu daté et d'une note expliquant la raison du retour. Si vous avez des questions ou des commentaires au sujet du fonctionnement de ce produit, veuillez nous permettre de vous aider avant de le retourner à votre détaillant. La plupart des problèmes peuvent être résolus rapidement par un appel téléphonique. Lorsque vous nous téléphonez (ou écrivez), veuillez avoir en main tous les renseignements pertinents tels que le numéro de modèle, l'âge de l'article, les détails sur l'aménagement de l'aquarium ainsi que des précisions sur le problème.

 **RECYCLAGE :** Ce produit porte le symbole de la collecte sélective des déchets d'équipements électriques et électroniques (DEEE), ce qui signifie qu'on doit éliminer ce produit conformément à la directive européenne 2012/19/EU afin de le recycler ou de le désassembler pour minimiser ses répercussions sur l'environnement. Vérifier auprès des agences locales pour l'environnement afin d'obtenir les instructions relatives à l'élimination des déchets ou apporter le produit à un point de collecte agréé d'un conseil officiel reconnu. Les produits électroniques non compris dans le processus de collecte sélective sont potentiellement dangereux pour l'environnement et la santé humaine en raison de la présence de substances dangereuses.

GARANTÍA

GARANTÍA LIMITADA DE 3 AÑOS

La luz LED en hilera Aquasky **Bluetooth** Fluval está garantizada contra defectos de materiales o mano de obra en condiciones de uso normal del acuario y servicio por 3 años. Nos reservamos el derecho de reparar o cambiar el producto, a nuestra sola discreción. La falla de menos del 5 % de la cantidad total de LED no se considerará un defecto según los términos de esta garantía. Esta garantía no se aplica a ningún dispositivo lumínico que haya sido sometido a uso indebido, negligencia o maltrato, o uso comercial. No se asume ninguna responsabilidad en relación con la pérdida o daños de los animales de cría o de la propiedad personal independientemente de qué los ocasione. **Esto no afecta sus derechos establecidos por ley.**

PARA OBTENER EL SERVICIO DE REPARACIÓN AUTORIZADO CON GARANTÍA:

Para acceder al servicio de garantía autorizado, devuelva el dispositivo (bien envuelto y por correo certificado) a la siguiente dirección con la factura fechada y el motivo de la devolución. Si tiene alguna consulta o comentarios acerca del funcionamiento de este producto, permítanos ayudarlo antes de devolverlo a su vendedor. La mayoría de las consultas puede resolverse inmediatamente mediante una llamada. Cuando llame (o escriba), tenga disponible toda la información importante, como el número del modelo, la antigüedad del producto, los detalles del ensamble del acuario y la naturaleza del problema.

EN IMPORTANT SAFETY INSTRUCTIONS

WARNING To guard against injury, basic safety precautions should be observed, including the following:

1. READ AND FOLLOW ALL SAFETY INSTRUCTIONS

- and all the important notices on the appliance before using. Failure to do so may result in loss of fish life and/or damage to this appliance.
2. **DANGER** To avoid possible electric shock, special care should be taken since water is employed in the use of aquarium equipment. For each of the following situations, do not attempt repairs yourself; return the appliance to an authorized service facility for service or discard the appliance.
- A. If the appliance shows any sign of abnormal water leakage, immediately unplug it from the power source.
- B. Carefully examine the appliance after installation. It should not be plugged in if there is water on parts not intended to be wet. **If the appliance or any part of it falls into the water DO NOT reach for it. First unplug the unit before retrieving.**
- C. Do not operate any appliance if it has a damaged cord or plug, or if it is malfunctioning or it is dropped or damaged in any manner. The power cord of this appliance cannot be replaced; if the cord is damaged, the appliance should be discarded. Never cut the cord.
- D. To avoid the possibility of the appliance plug or receptacle getting wet, position the appliance to one side of a wall mounted receptacle to prevent water from dripping onto the receptacle or plug. A drip loop (see illustration) should be arranged by the user for the cord connecting appliance to a receptacle. The drip loop is that part of the cord below the level of the receptacle or the connector if an extension cord is used, to prevent water from travelling along the cord and coming in contact with the receptacle. If the plug or receptacle does get wet, **DO NOT** unplug the cord. Disconnect the fuse or circuit breaker that supplies power to the appliance. Then unplug and examine for presence of water in receptacle.
- 
3. This appliance is not intended for use by persons (including children) with significantly impaired physical or mental capabilities, unless they have been given supervision or instruction concerning the use of the appliance by a person responsible for their safety. Children should always be supervised to ensure that they do not play with the appliance.
4. To avoid injury, do not touch moving parts or hot parts .
5. **CAUTION** - Always unplug or disconnect all appliances in the aquarium from electricity supply before placing hands in water, before putting on or taking off parts and while the equipment is being installed, maintained or handled. Never yank cord to pull plug from outlet. Grasp the plug and pull to disconnect. Always unplug an appliance from an outlet when not in use.
6. Do not install or store the appliance where it will be exposed to weather or temperatures below freezing. **FOR INDOOR HOUSEHOLD USE ONLY. DO NOT IMMERSE.**
7. Make sure the appliance is mounted correctly and securely positioned on the aquarium before operating the appliance.
8. If an extension cord is necessary, a cord with proper rating should be used. A cord rated for less amperes or watts than the appliance rating may overheat. Care should be taken to arrange the cord so that it will not be tripped over or pulled. The connection should be carried out by a qualified electrical installer.
9. Use only with AC adapter supplied with this product.
10. The socket-outlet shall be installed near the equipment and shall be easily accessible.
11. LED power supply shall not be positioned on or into the cover frame.
12. Z attachments: The external flexible cable or cord of this luminaire cannot be replaced; if cord is damaged the luminaire shall be destroyed.
13. This luminaire can be mounted on any aquarium with glass thickness of between 3mm and 15mm.

SAVE THESE INSTRUCTIONS

For the complete use and understanding of this product it is recommended that this manual is thoroughly read and understood. Failure to do so may result in damage to this product.

The **Fluval Aquasky Bluetooth® LED** combines super bright 3000-25000 K LEDs with tri-color RGB LEDs to allow the user to adjust, via Bluetooth® enabled smart device, the light spectrum in order to replicate various environments; and create such effects as cloud cover, fading lunar, storm and lightning.

INSTALLATION AND USAGE:

Please verify that all components of the light fixture are undamaged before putting it into operation. Before any kind of maintenance, always disconnect electrical supply of the light fixture.

Make sure the light fixture is mounted correctly and securely positioned on the aquarium before operating the appliance.

Always ensure that the brackets are on the outside of the aquarium frame. If needed, the extendable mounting brackets can be adjusted accordingly to ensure proper fit on aquarium.

Connect the plug from the transformer to the plug on the fixture.

Connect the transformer to electrical supply.

MAINTENANCE:

For maximum LED performance, it is recommended that the fixture and the LED lens be cleaned on a weekly basis. Unplug transformer prior to cleaning the light fixture and remove from aquarium. Use both hands when manipulating this appliance. Wipe exposed surfaces carefully with a damp cloth to remove any dust or mineral deposits that may collect over time. Do not use detergents or harsh cleaners as it can damage the light fixture. Use Fluval LED Lens Cleaning Non-Aerosol Spray (A3969) to clean the LED portion of the light fixture. Make sure all surfaces are dry before re-connecting the transformer to the power source.

BASIC TROUBLE SHOOTING

If the fixture does not work, ensure that all plugs and wires are firmly connected, ie: connection from fixture to transformer, and connection from transformer to electrical outlet.

FCC Warning

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interferenceto radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Reorient or relocate the receiving antenna.
- Reorient or relocate the receiving antenna.
- Consult the dealer or an experienced radio/TV technician for help

Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
