

Manufacturer's Name:Beijing Haitai Fangyuan Technologies Co.,Ltd.

Bluetooth key

Model number: HaiKey3000

This product is a dual interface Public Key Infrastructuer (PKI) divice designed for compatibility with moble phones (IOS,Androin) through the Bluetooth as well as standard computers through the onboard micro USB port. Bluetooth key is an ideal solution for mobile banking.The PKI electronic signature feature is used to secure online transactions.The built-in screen enables the customer to easilyverify transaction data in real time,to combat advanced cyber-crime techniques which trick users into authorizing false statements with the ability to cancel an illegitimate operation at the click of a button.

Safety and Compliance

FCC WARNING

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

To maintain compliance with FCC's RF Exposure guidelines, this equipment should be installed and operated with minimum distance between 5mm the radiator your body: Use only the supplied antenna.

FCC ID: 2ANR5-HAIKEY3000

Manufacturer's Name: Beijing Haitai Fangyuan Technologies Co.,Ltd.

Bluetooth Key

Model number: Haikey3000, Haikey3000-BLDB

Operating Temperature: -20° C to 40° C

This device was tested for typical body-worn operations. To comply with RF exposure requirements, a minimum separation distance of 0mm must be maintained between the user's body and the handset, including the antenna. Third-party belt-clips, holsters, and similar accessories used by this device should not contain any metallic components. Body-worn accessories that do not meet these requirements may not comply with RF exposure requirements and should be avoided. Use only the supplied or an approved antenna.

This device in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU. All essential radio test suites have been carried out.

1. CAUTION : RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT TYPE. DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS
2. The product shall only be connected to a USB interface of version USB 2.0
3. The device complies with RF specifications when the device used at 0mm from your body

RF Secification:

Function	Operation Frequency	Max RF output power:	Limit
BT(BLE)	2402MHz–2480MHz	GFSK: -3.02 dBm	20 dBm.

This product can be used across EU member states.
