

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A photograph showing two identical, rectangular, dark wood-grain electronic units (EUTs) standing side-by-side on a grey surface. To the right of the units are two black cables with gold-colored connectors and a slim black remote control. A yellow measuring tape is placed horizontally in front of the units and vertically to their left, indicating their dimensions.
EUT View 2	 A photograph showing the same two wooden EUT units from a slightly different perspective, focusing more on their front and side profiles. The yellow measuring tape is again visible, providing a scale reference.
