USER GUIDE:

First Step: Bluetooth pairing

Touch-hold the camera key for 3 seconds till the blue light flashes to turn the Bluetooth on; pair up with "YOOZON S10" on your phone and the blue light will keep on if the pairing is successful. Touch-hold the camera key for another 3 seconds to shut Bluetooth down.

Second Step: Open the phone holder

Set this product face up and turn the phone holder in the back downward for 90° to open it. Then rotate the holder 180° horizontally to face forward (at the same side of camera key).

Third Step: Place the phone

Rotate the phone holder till you can open the holder handle and place the phone securely on the holder with sideward plug.

Fourth Step: Photograph

For remote control's normal usage, please ensure the volume button on your phone act as the shutter button. Take out the set of "camera key" as remote control to take photos.

Fifth Step: Use tripod

This product comes with a tripod. Unfold the selfie holder from the bottom and keep it horizontally steady, then you can start to enjoy your selfie shooting experience.
