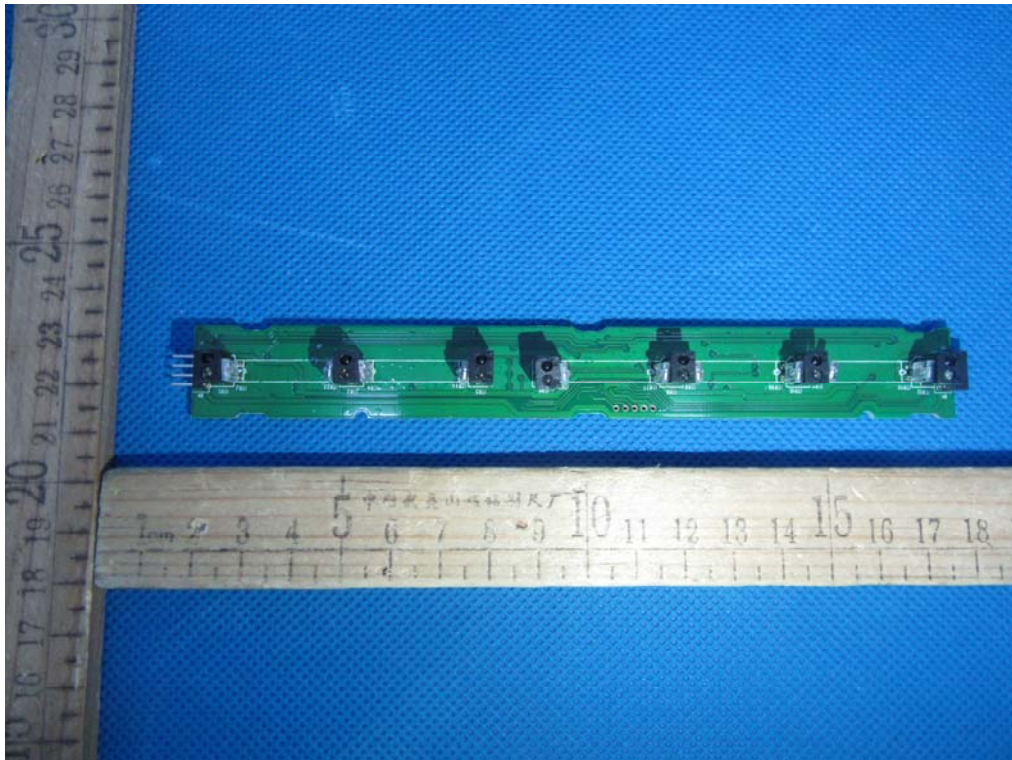

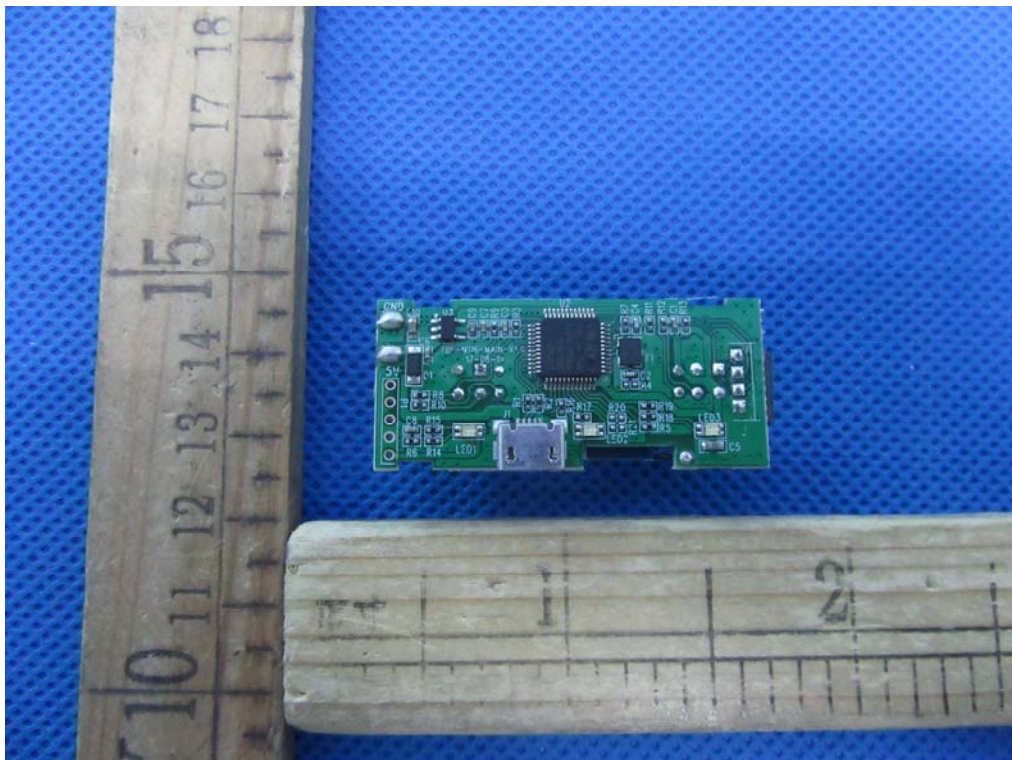

Photo 6

A photograph of a green printed circuit board (PCB) featuring a Bluetooth module and an antenna. A red rectangular box highlights the antenna area, with a red arrow pointing from a white callout box labeled "BT ANT". The PCB has various components, including a black integrated circuit, several capacitors, and two large black connectors. The text "HELIX 70" is visible on the board. The PCB is placed on a blue textured surface, with a wooden ruler showing centimeter markings (0 to 18) on the left and a wooden ruler showing inch markings (1 to 2) at the bottom.
