Solder Board-Component View 2	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 2'. The component is rectangular with a central cutout and is placed on a blue textured surface. A black ruler with white markings is positioned vertically to the left of the component, showing measurements from 0 to 100 mm. The component features a white connector on the left side and a small component labeled 'GND' on the right side.
Solder Board-Component View 3	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 3'. The component is rectangular with a central cutout and is placed on a blue textured surface. A black ruler with white markings is positioned vertically to the left of the component, showing measurements from 0 to 100 mm. The component features a white connector on the left side, a small component labeled 'GND' on the right side, and a small component labeled 'DS-BAT 2021.03.03' on the right side. The component also has a small component labeled 'OFF' and 'ON' on the left side.

Solder Board-Component View 4

Solder Board-Component View 6	 A photograph of a small green printed circuit board (PCB) component, labeled 'Zd4', positioned on a blue textured surface. The component is oriented vertically. To the left of the component is a black ruler with white markings, showing a scale from 0 to 100 mm. The component is located between the 10 mm and 20 mm marks on the ruler.
Solder Board-Component View 7	 A photograph of a small green printed circuit board (PCB) component, labeled 'DS-LED-2020.11.10', positioned on a blue textured surface. The component is oriented horizontally. To the left of the component is a black ruler with white markings, showing a scale from 0 to 100 mm. The component is located between the 10 mm and 20 mm marks on the ruler. The component features several labeled components: LED6, LED3, LED2, LED5, LED4, LED1, R1, R2, and R3.
