

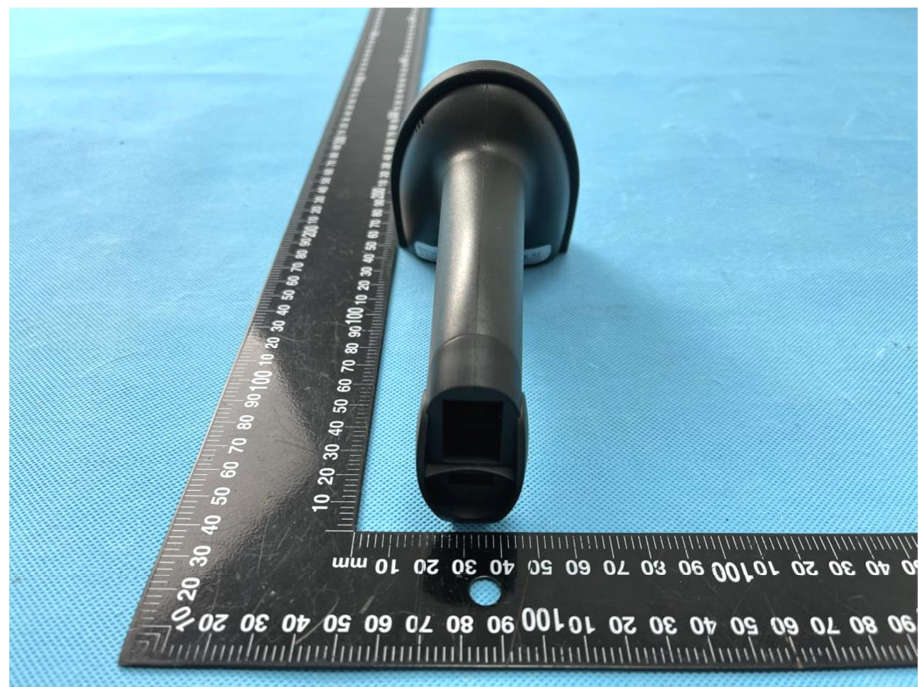

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A photograph showing a black handheld electronic unit (EUT) with a circular lens and a cable. The device is placed on a blue surface next to a black ruler. The ruler has white markings in centimeters and millimeters. The device is oriented vertically, with the handle pointing upwards. The cable is coiled next to it. A small black rectangular object is also visible on the surface.
EUT View 2	 A photograph showing the same black handheld electronic unit (EUT) from a different angle. The device is placed on a blue surface next to a black ruler. The ruler has white markings in centimeters and millimeters. The device is oriented vertically, with the handle pointing upwards. The circular lens is clearly visible.
