Federal Communications Commission (FCC) statement (USA)

FCC ID: 2AO4VKV and 2AO4VKB

FCC RF Exposure Statement

This device meets the FCC requirements for RF exposure in public or uncontrolled environments. This device should be used at distances greater than 40mm from the human body. Operation at distances less than 40mm is prohibited and requires additional SAR evaluation.

This device complies with FCC part 15 Rules. Operation is subject to the following two conditions: 1. This device may not cause harmful interference and 2. This device must accept any interference received, including interference that may cause undesired operation.

FCC Warning

Changes or modifications not approved by Austin Devices, LLC could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Industry Canada (IC) statement (Canada)

IC ID: 23667-KB and 23667-KV

IC RF Exposure Statement

This device meets the IC requirements for RF exposure in public or uncontrolled environments. This device should be used at distances greater than 40mm from the human body. Operation at distances less than 40mm is prohibited and requires additional SAR evaluation.

Cet appareil répond aux exigences IC pour l'exposition aux RF dans les environnements publics ou non contrôlés. Cet appareil doit être utilisé à des distances supérieures à 40 mm du corps humain. Le fonctionnement à des distances inférieures à 40 mm est interdit et nécessite une évaluation SAR supplémentaire.

IC Warning

This device complies with Industry Canada license exempt RSS standard(s). Operation is subject to the following two conditions: 1. this device may not cause interference, and 2. this device must accept any interference, including interference that may cause undesired operation of the device.

Cet appareil est conforme avec Industrie Canada RSS standard exempts de licence (s). Son utilisation est soumise à Les deux conditions suivantes: 1. cet appareil ne peut pas provoquer d'interférences et 2. cet appareil doit accepter Toute interférence, y compris les interférences qui peuvent causer un mauvais fonctionnement du dispositif.
