EUT UNCOVER VIEW 1

EUT UNCOVER VIEW 2

A photograph of the VOLANSYS VOLT-101 PCB, a green printed circuit board, placed on a blue textured surface. A black ruler with white markings is positioned vertically on the left side of the board, showing measurements from 0 to 90 mm. The PCB is densely populated with various electronic components, including integrated circuits, capacitors, and resistors. Two specific areas are highlighted with red dashed boxes and arrows: the 'Chip Antenna' is located near the top left, and the 'PCB Antenna' is located near the top right. The text 'Designed by VOLANSYS' is visible on the bottom edge of the board.
