Charging

Fully charge the camera before use

The camera does not come fully charged due to safety regulations. Before using it for the first time, please charge it for 10 hours with the charging cable inside the box (DC5V / 1.5A).

Laden Sie die Kamera vor der Verwendung vollständig auf

Die Kamera wird aus Sicherheitsgründen nicht vollständig aufgeladen geliefert. Bitte laden Sie sie vor der ersten Verwendung 10 Stunden lang mit dem im Lieferumfang enthaltenen Ladekabel auf (DC5V / 1.5A).

Ricaricare completamente la telecamera prima dell'uso

La telecamera non viene fornita completamente carica a causa delle normative di sicurezza. Prima di utilizzarla per la prima volta, si prega di caricarla per 10 ore utilizzando il cavo di ricarica incluso nella confezione (DC5V / 1.5A).

Outdoor Installation

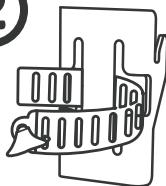

A. Pole-mounted

①

②

③

④

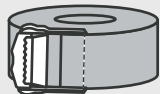

1. Loosen the hose clip.
1. Lösen Sie die Schlauchklemme.
1. Allentare la fascetta del tubo.

2. Wrap the hose clip around the hanging bracket.
2. Wickeln Sie die Schlauchklemme um die Hängehalterung.
2. Avvolgere la fascetta del tubo attorno alla staffa di sospensione.

3. Attach the hanging bracket to the pole.
3. Befestigen Sie die Hängehalterung am Pfosten.
3. Fissare la staffa di sospensione al palo.

4. Secure the feeder on the mounting bracket with the provided thumbscrew, then hang the feeder onto the pole.
4. Befestigen Sie den Futterspender mit der mitgelieferten Daumenschraube an der Montagehalterung und hängen Sie den Futterspender dann am Pfosten auf.
4. Fissare l'alimentatore alla staffa di montaggio con la vite a farfalla fornita, quindi appendere l'alimentatore al palo.

B. Tree-mounted

1. Slide the strap through the hanging bracket slots.

1. Schieben Sie den Riemen durch die Schlitzte der Hängehalterung.

1. Fai scorrere la cinghia attraverso le fessure della staffa di sospensione.

2. Wrap the strap around the tree.

2. Wickeln Sie den Riemen um den Baum.

2. Avvolgi la cinghia attorno all'albero.

3. Secure the feeder on the mounting bracket with the provided thumbscrew, then hang the feeder onto the tree.

FCC Statement

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications made without explicit approval from the responsible party in compliance may result in the user being unauthorized to operate the device.

This device meets the FCC radiation exposure limits for uncontrolled environments. To ensure safe installation and operation, maintain a minimum distance of 20cm between the radiator and your body.

CE Statement

The information provided on the packaging is allowed to identify geographical areas within the member states where restrictions on use or requirements for authorized use exist, if applicable.

The structure of the product allows it to be used in at least one

member state without violating applicable requirements for the use of radio spectrum.

IC Statement

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils

radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

3. L'appareil ne doit pas produire de brouillage;
4. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This equipment complies with IC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. This equipment should be installed and operated with a minimum distance of 20cm between the radiator and your body.

Cet équipement respecte les limites d'exposition au rayonnement IC établies pour un environnement non contrôlé. Cet émetteur ne doit pas être localisé ou fonctionner en conjonction avec une autre antenne ou un autre émetteur. Cet équipement doit être installé et utilisé à une distance minimale de 20cm entre le radiateur et votre corps.

This radio transmitter IC:29263-NI8141A has been approved by Innovation, Science and Economic Development Canada to operate with the antenna types listed below, with the maximum permissible gain indicated. Antenna types not included in this list that have a gain greater than the maximum gain indicated for any type listed are strictly prohibited for use with this device.
