

# Carebaby

If you are in North America, South America, and Europe please search [Saturn Carebaby] from your Apple App Store or Google Play Store to download the app, or scan the below QR code to download.

If you are living in Asia and China and cannot scan above QR code, please scan the below QR code to download the app.

NOTE: If you are using an Apple iPhone or iPad and unable to connect to Wi-Fi, please use the method below to connect.

Step 1: Go to your iPhone's [Settings]→[Personal Hotspot], and turn it on.

Step 2: Click on your [Wi-Fi Password] in your [Personal Hotspot], this should open up the screen [Wi-Fi Password] screen, now leave your phone on this screen to help with better Wi-Fi detection.

## FCC Certification Information:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void your authority to operate the equipment.

## Radiation Exposure Statement

This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed

and operated with a minimum distance of 20 centimeters between the radiator and your body.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

## ISED/C Canada Caution:

This device complies with Innovation, Science, and Economic Development Canada RSS standard(s). Operation is subject to the following two conditions:

- (1) this device may not cause interference, and
- (2) this device must accept any interference, including interference that may cause undesired operation of the device.

*Le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement*

*économique Canada applicables aux appareils radio exempts de licence.*

*L'exploitation est autorisée aux deux conditions suivantes :*

- (1) l'appareil ne doit pas produire de brouillage, et*
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.*

**Le présent appareil est conforme**

**Après examen de ce matériel aux limites d'intensité de champ RF,**

**les utilisateurs peuvent sur l'exposition aux radiofréquences et la conformité and compliance d'acquiescer les informations correspondantes..**
