

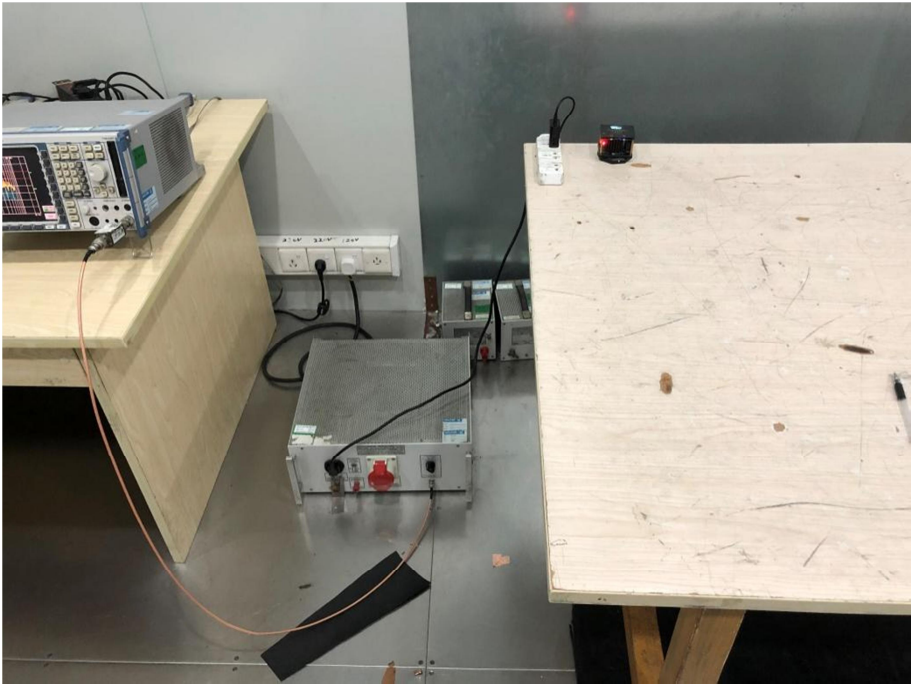

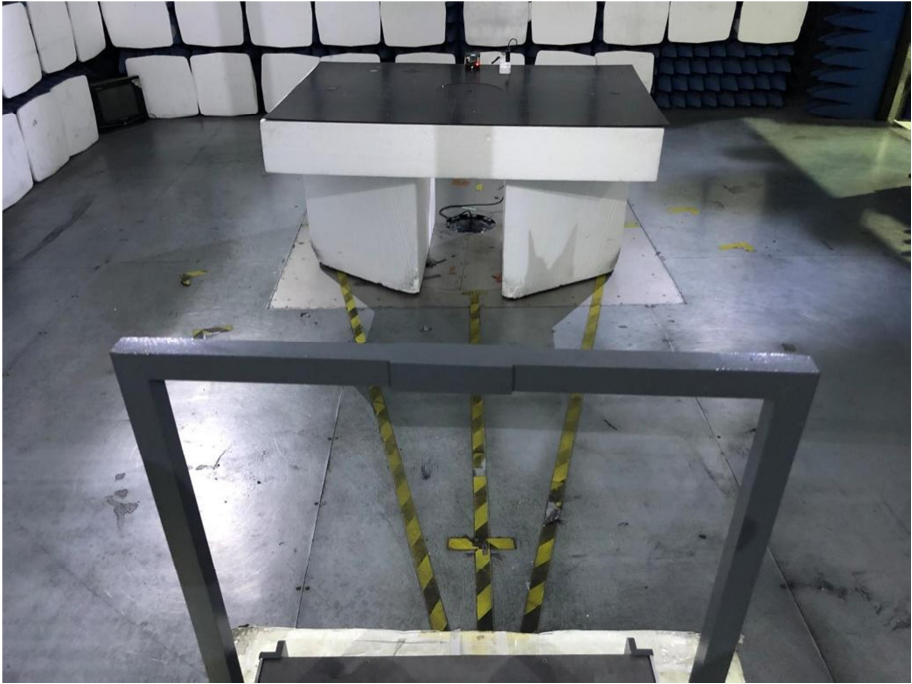

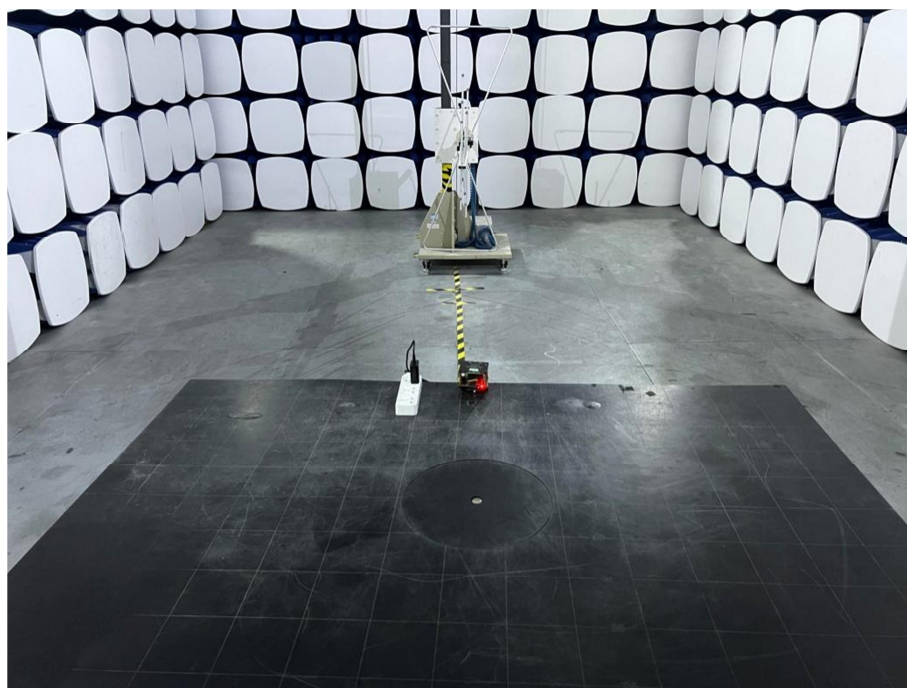

EXHIBIT 4 - TEST SETUP PHOTOGRAPHS

Conducted Emission Test Setup	 A photograph showing a conducted emission test setup. On the left, a piece of electronic equipment (likely a power supply or a device under test) sits on a wooden table. A red cable is connected to it and runs down to a power line filter unit on the floor. To the right, another wooden table holds a small black component. The background shows a wall with electrical outlets.
Radiation Emission View (Below 30MHz)	 A photograph showing a radiation emission test setup. A white, box-like structure is placed on a metal stand. The stand has yellow and black striped safety tape on its legs. The background consists of white, curved, absorptive material, likely part of an anechoic chamber.

**Radiation Emission
View (30MHz to 1GHz)**
